GOOD-BY TO HOBOKEN.
Hetty Green Got Indigestion in Her
Flat and Henceforth Will Live in
a Hotel.
 [BY DIRECT WIRE TO THE TIMES.]
 NEW YORK, April 12. (Special)

Green. The little flat there will be closed May 1, when her lease expires, and Mrs. Green will live with her son, Col. Edward H. Green, who jumped from Texas to the Waldorf a year or so ago. Already Mrs. Green has spent several days at the Waldorf with her son, and she seemed to like life there. Maybe one cause for the change is the fact that she was seized the other day with indigestion, from which she has since been suffering. Wherever she was the cooking at Hoboken flat, or some other place that brought on the illness is not known, but the report of her decision to change her home followed closely on the change.

MORE FUNDS FOR CHINA.
NEW YORK, April 10.—It was announced today that in response to further appeals from China, another \$20,000 has been sent through the Christian Herald to the Missionary Relief Committee. This makes \$102,000 which has been contributed by the people of the United States and sent to aid in the relief of the victims of the famine.

Railroad Record.

UNIFORMITY IS
BUT A NAMEKinds of State Bills to
Regulate Railways.Hundred and Eighty-
four So Far This Year.any of Them Conflict With
Congress Measures.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, April 10.—[Exclusive Dispatch.] During the 1911 sessions of the House State Legislatures throughout the country there have been introduced bills affecting railroad operation. It is shown by a report just issued by the special committee on the relations of railway operation to legislation, headquarters in Chicago. The committee represents practically all the roads of the United States, including the same interests as the American Railway Association, though representing that association, at about the same time as that it is composed of six operating presidents to assist in handling bills brought before Congress. The State Legislatures, making exceptions to the commissions and committees of the technical details and rating conditions affected by operation, bills as these covering boiler inspection, the safety appliances laws, and report among other things, in conflict with bills covering the features of railroad operation before Congress. Forty-six States have dealing with the equipment of passenger trains, and twenty-five bills service letters and time of night.

Twenty specify equipment of passenger trains, and twenty-five bills service letters and time of night. The number of measures in the different States are as follows: Alabama, 10; Arkansas, 14; California, 10; Colorado, 10; Connecticut, 7; Delaware, 5; Illinois, 12; Indiana, 3; Iowa, 12; Kansas, 10; Kentucky, 10; Louisiana, 10; Maine, 10; Massachusetts, 10; Minnesota, 7; Missouri, 10; Montana, 10; Nebraska, 22; Nevada, 10; New Hampshire, 10; New Jersey, 10; New Mexico, 10; New York, 10; North Carolina, 10; North Dakota, 10; Ohio, 10; Oklahoma, 10; Oregon, 10; Pennsylvania, 10; Rhode Island, 10; South Carolina, 10; South Dakota, 10; Texas, 10; Utah, 10; Vermont, 10; Virginia, 10; Washington, 10; West Virginia, 10; Wisconsin, 10; Wyoming, 10.

PRESS COMPANIES ACCUSED. FEDERAL INQUIRY IS ON. [ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, April 10.—The Interstate Commerce Commission examined witnesses today in the case of George J. El, against all the express companies in which he alleges exorbitant rates between Missouri River points and Denver. Kindel is a mattress manufacturer and has devoted much money in the last fifteen years to fighting for lower rates from roads and express companies.

GUILT AFTER A NIGHT.

burglar Who Looted Storefront of Invasion Army in Portland Come Grief. [DIRECT WIRE TO THE TIMES.] PORTLAND (Or.) April 10.—[Exclusive Dispatch.] In a running fight three policemen two burglars were used this morning on the East Side they had looted the storefront of a Salvation Army, where they took quantity of clothing. They added their guilt, saying they came to land two weeks ago from San Antonio. Littered saw two men giving on East Davis street. When gave a command to halt the pair started running in opposite directions. Littered followed one and, cuffing his prisoner to a tree, tied after the other. The pistol shots

Gas Talks

CHAPTER 37

Fault Experts Eager to Find Gas Faults

FIND FAULT WITH THE GAS

service and give the paid professional
"fault-finders" a chance to prove their
worth!

If the service falls below the "perfect" standard set by the Los Angeles Gas and Electric Corporation, the management wants to know it. It keeps a force of "trouble-shooters" on duty day and night, always ready to respond to emergency calls.

These men are trained to the minute in giving first aid to gas consumers at critical moments—when a leak annoys, or when there is any interruption of the supply.

Irregularities of various sorts are likely to occur at any time on a large system, but prompt notification by telephone or otherwise will speed an emergency man to the seat of the disturbance. All troubles are little ones to him.

We also maintain an investigation department which inquires carefully into every reported shortcoming and promptly applies the remedy.

Absolute perfection in service is sought at all times.

Los Angeles Gas and
Electric Corporation

"JUST ANOTHER LIE."

Foreign Affairs Minister So Characteristic Story of a Photograph of a Japanese Treaty.

[ASSOCIATED PRESS NIGHT REPORT.] MEXICO CITY, April 10.—"Just another lie that cannot do any harm."

In these words Minister of Foreign Affairs de la Barra characterized the story published in New York that Ambassador Wilson had carried to Washington a photographic copy of a secret treaty between Japan and Mexico.

At the American embassy all knowledge of any such alleged treaty was denied.

"Japan and Mexico are good friends," said Minister de la Barra, "but they are not considering a treaty against the interests of the United States, nor of having an alliance for war purposes."

High Power.
BUSY SESSION FOR WIRE MEN.
Pacific Coast Convention to Attract Experts.
Electric Engineers Preparing to Meet Here.
Local Committee Completes Interesting Programme.

Arrangements have been completed by the local committee of the American Institute of Electrical Engineers for the Pacific Coast Convention which will be held at the Alexandria Hotel, commencing Tuesday, the 25th inst., at 10 o'clock, and adjourning Friday, the 28th.

The convention will be held under the direction of the High-Tension Transmission, Telegraphy, Telephone and the Railway Committees of the Institute of Electrical Engineers.

The business sessions of the convention will be held at 10 a.m. and 2 p.m. Tuesday, April 25; 10 a.m. and 1:30 p.m. Wednesday, April 26, and at 10 a.m. and 2 p.m. Thursday, April 27.

Following the close of the first day's session, the visitors will leave for a day over the Los Angeles Pacific line to Hollywood, the Palisades and on to Los Angeles, where the great power house of the Pacific Light and Power Company will be inspected. Dinner will be served there. On Tuesday an automobile trip will be taken through the Los Angeles, Hollywood, Glendale and Pasadena, with luncheon at Casa Verdugo. The evening trip will be taken for the members of the Institute, and is the only one which will include the ladies of the party.

On Wednesday, the party will leave for the Pacific Electric depot at 4 p.m. and will dine at Alpine Inn at 4:30 p.m., returning to Los Angeles on the 5:30 car. Thursday will be taken up with business matters.

VIEWING DEVELOPMENT.
Friday will be given over wholly to viewing the development in Southern California, the party leaving in the morning at 7:30 o'clock over the Southern Pacific for Redlands, arriving at 10 a.m. and departing immediately for the Mill Creek power house of the Southern California Edison Company. The party will lunch at the canyon, and at 4 o'clock leave for Riverside and dine at the Glenwood Hotel. The train to Los Angeles will be the local train at the convenience of the party.

Arrangements have been made to accommodate all who wish to go to California on Saturday.

Among the interesting papers which will be read at the various sessions are: "Transmission Applied to Irrigation," by D. H. Egan and J. M. Campbell; "Continuity of Service," by M. T. Crawford; "Automatic Telephone System," by Charles S. Winton; "Manual Telephone System," by J. E. Clement; "Some Recent Developments in Railway Telegraphy," by C. J. Brown; "Electricity in the Home Industry," by E. J. Barry; "The Building of Iron and Steel by Type Furnaces," by R. J. C. Brown; "A Power Diagram and Its Application," by R. J. C. Brown; "The High-Tension Circuits," by J. M. Ryan.

THE DAILY GRIND.
The Supreme Court of the United States has today decided in the case of *United States v. Belmont*, that the government has the right to seize the assets of a bankrupt foreign corporation.

MACATECAS HELD BY FEDERALISTS; INSURRECTOS TWICE REPULSED.
[ASSOCIATED PRESS NIGHT REPORT.]
MACATECAS (Mex.) April 10.—Luis Macatecas yesterday failed. Fleeing from his band of 400 rebels, he was pursued today by a detachment of Federalists under the command of Lieut. Col. Luis G. Fra. Party killed and wounded rebels were in the streets of the city.

Yolanda being was kept up yesterday by the Federalists from the higher buildings and from every point of vantage and by noon the rebels were on the hills. This morning the Federalists, Moya and Ayala, gave the rebels the attack on Zacatecas was in progress another attack by a much smaller band was made on San Miguel del Mesquite, near here. The assault was repulsed with a loss of nine killed. The dead included Anastasio Valverde, the rebel leader.

Still in Trouble.
Detectives McLaughlin and McGowan of San Francisco gave the details of Chisholm's capture.

to the story of a Boston girl, lost in the city of Chicago during the World's Fair, and who has not been heard from since.
A modest fortune awaits her return, but because of her long absence, relatively say it should be distributed among them.

The girl was Miss Mabel Allen. Her mother and her father died, leaving her the last of her family. About the time of the World's Fair in Chicago, she called one day on a cousin, George Nelson of West Pullman, Ill. From that day to this, neither relatives nor friends have heard from her.

In 1899 she became entitled as heir-at-law, under the will of Jonathan Merry, who died in Boston in 1828, to a portion of \$7,000 paid to the Merry estate by the government in settlement of a "French spoliation claim."

Under a statute in Massachusetts, five cousins, George Nelson, Robert J. Fisher of Chicago; Emma E. Thomas of Mandoc, La.; Blanche M. Umbach and John T. Sherbourne of New Orleans, claim Miss Allen's share.

The court needs having the money in custody claims the law is unconstitutional.

EARTHQUAKE IN ROME.
The Eternal City and Surrounding Towns Shaken and Heavy Rumbling Is Heard in Sicily.
[ASSOCIATED PRESS NIGHT REPORT.]
ROME, April 10.—Two earth shocks were felt here today. The first was early in the morning and the second about noon. Some alarm was caused in the city and in the prison there was considerable panic, the prisoners making two separate attempts to escape. These were quickly suppressed.

In the villages surrounding Rome the shocks were more severe, although no damage was done.

RUMBLINGS IN SICILY.
[ASSOCIATED PRESS NIGHT REPORT.]
MESSINA (Italy) April 10.—About 7 o'clock this evening in various districts in Sicily loud rumblings were heard. A sudden flash of light was observed and an electrical condition of the atmosphere. No earth shocks were recorded and it is believed the disturbance was caused by the falling of a meteor.

SOLVES SPHINX RIDDLE.
It Was the Body of a Lion With Head of Reigning King Says Harvard Professor.
[BY DIRECT WIRE TO THE TIMES.]
BOSTON, April 10.—[Exclusive Dispatch.] Prof. George A. Reisner of Harvard claims to have solved the mystery of the Sphinx. He says it is a sculptured portrait of Chephren, Pharaoh of Egypt of the fourth dynasty, who ruled in the year 2550 B. C.

The announcement of the solution was made today at the opening of the exhibition of the collection of the Harvard Egyptian expedition at the Boston Museum of Fine Arts. The discovery was made during the recent archaeological expedition sent into Egypt by Harvard and the Boston Museum of Fine Arts, in charge of Prof. Reisner. The proof which settles conclusively the identity of the great mysterious monument was unearthed in recent excavations made in Egypt.

Prof. Reisner says: "The mystery of the Sphinx has been cleared up at last. Final proof that this temple was the tomb of Chephren has been found. Exactly those characteristics found in the Sphinx correspond to the statue of Mycerinus which we dug up. The Sphinx is nothing but the body of a lion with the head of the King reigning at the time it was built."

BIG BAKERY FIRED.
STOCKTON, April 10.—Fire, the origin of which is unknown completely destroyed the Graven-Ingalls Bakery Company buildings and three adjoining dwellings in this city last night. All the structures were of wood and it was with difficulty that other houses in the block were saved. The loss is estimated at \$50,000. Four-fifths of the bread used in the San Joaquin Valley is furnished by this company. Oakland and San Francisco houses will supply the trade until the buildings are rebuilt.

Running Like Deer.
In the night 200 reinforcements with artillery arrived here and it is thought the rebels, learning of this, decided not to push their advantage. In making their attack yesterday one hundred of Moya's men were sent down the sides of the hills into the city. Through street after street they ran, shooting as they went, but inflicting no injuries. One man shot at Gov. Sarate, who was going from post to post among the Federalists and among the residents of the town warning them to refrain from panic. The bullet fired by the rebel went wide, while the attack on Zacatecas was in progress another attack by a much smaller band was made on San Miguel del Mesquite, near here. The assault was repulsed with a loss of nine killed. The dead included Anastasio Valverde, the rebel leader.

Still in Trouble.
Detectives McLaughlin and McGowan of San Francisco gave the details of Chisholm's capture.

Uprising.
REBEL AGAINST KING OF SPAIN.
Embryo Republic Proclaimed in One Province.

People Attack the Barracks of the Civil Guard.
Dons Have no Intention of Occupying Portugal.

[ASSOCIATED PRESS NIGHT REPORT.]
MADRID, April 10.—An embryo republic has been proclaimed at Canillas de Acetuna, in the province of Malaga.

The populace of the town rebelled against the royal authority and attacked the barracks of the civil guard. Reinforcements of troops are being hurried to the scene.

Official advices from Canillas de Acetuna state that a part of the population of the town revolted and proclaimed a republic. A crowd attacked the barracks of the civil guard and five persons were wounded.

Had the insurrectionary outbreak occurred near the Portuguese frontier, it would have given more concern to the government, which is determined not to tolerate the intervention of the Portuguese republicans in Spanish affairs.

The government already has made representations on several occasions at Lisbon regarding the number of Portuguese who are in close correspondence with Spanish republicans and plotting for a republic in Spain. The government is not hostile to Portugal, but has informed the provisional government that Portugal cannot be used as a base for the promotion of designs against the Spanish monarchy, without awakening serious distrust on the part of the government at Madrid.

The cabinet has considered what action should be taken in the event of anarchy in Portugal, and as a consequence of a prolonged civil war, between monarchists and republicans Spain for her own security almost certainly would intervene. By the military element, the occupation of Portugal is regarded as something easy of accomplishment. The Spanish troops are well equipped for field work and Spanish garrisons on the Portuguese frontier are being strengthened. No thought of the permanent occupation of Portugal is entertained, however. This is due to several reasons, the most important of which is that Spain is not disposed to have another troublesome Catabonia on its border. Another trouble to be thought in official circles that the government could deal more readily with the republican movement in Spain should a republic in Portugal fall.

Canillas de Acetuna is a town of about 500 inhabitants, in the Volaga district, in the south-east corner of the Province of Malaga. Malaga province borders on the Mediterranean Sea. Canillas de Acetuna, some 50 miles northeast of Gibraltar.

SEIZURE OF CATTLE STARTED TROUBLE.
[ASSOCIATED PRESS NIGHT REPORT.]
MALAGA (Spain) April 10.—An outbreak occurred in Canillas de Acetuna today, in which two persons were killed and five wounded. Among the latter is a sergeant of the civil guard. The trouble occurred because the owner refused to pay the octroi dues. The cattle owner protested to the Mayor, whose only reply was to order the man's arrest. The populace, which is violently hostile to the octroi dues, sided with the cattleman and massed in front of the City Hall.

An attempt, made by a small force of the civil guard to disperse the infuriated mob precipitated a sharp fight in which the fire arms were freely used.

Remarkable.
DEATH FOILED IN HIGH LEAP.
DRUG CLERK THROWS HIMSELF FROM HOTEL WINDOW.

Falls Five Stories and Strikes on His Head—Physicians Who Operated on Him Say He Has Fair Chance of Recovery—Served in Philippines As Army Nurse.

Geo. P. Egan of this city still lives after falling five stories from the window of a San Francisco hotel late last night. He was operated on at hospital where physicians say he has a fair chance for recovery.

Egan, who is 31 years old, went to San Francisco to disperse with his wife. He was employed as a drug clerk and it is said suffered from mental troubles. His wife, who is a trained nurse, intended to have him sent to a sanatorium, and it was during her absence for a few moments from the room that her husband leaped from the window. He struck the pavement on his head.

Egan and his wife were army nurses in the Philippine Islands. He was wounded in the head and since that time has been subject to fits of melancholia in which he has attempted to do himself injury.

IRENE IS IN PORT.
Liner Had Two Black Balls on Display Indicating That She Was Not Under Control.

[ASSOCIATED PRESS DAY REPORT.]
NEW YORK, April 10.—Displaying two black balls, the usual "not under control" signal, the steamer Princess Irene today safely reached and passed in the harbor entrance, which she missed last Thursday morning in the fog, burying her nose instead in the Fire Island sandspit, where she was held prisoner for the better part of four days.

Except for a broken rudder-post, the Irene was believed to be none the worse for her imprisonment, from which she was released yesterday afternoon after her passengers had been taken off and landed safely Saturday morning.

Because of the derangement of her steering mechanism, however, the liner was not permitted to come in under her own steam. She was surrounded by fleet tugboats which had escorted her from Fire Island waters to an anchorage outside the bar late last night.

Educational.
BOND ELECTION NOW UNDER WAY.
SCHOOL SITE IS SELECTED IN WILSHIRE DISTRICT.

Board of Education Employs Special Attorney in the Two Million Proposition—Election Probably Middle of June—Prospective Teachers Have Another Chance.

The Board of Education last night employed Emmet H. Wilson as special attorney. In the matter of calling a bond election to vote about \$2,000,000 for the use of the schools. He was instructed to make his report at the next meeting of the board, on April 24, and the expectation is that the election will be held about June 15.

The deal was finally closed last night for securing the finest school site in the city, the board having voted to pay \$25,000 for a plot in the old Baptist City site in the Wilshire district. It is a commanding piece of ground, 260x255 feet, at Third and Commonwealth streets, and will be graced by the finest common school building in the city.

An important new rule was adopted, affecting the examination of teachers. Formerly, when a teacher failed to qualify another examination could not be taken for one year, but the new rule adopted last night, says: "Candidates who fail to pass the written examination will be admitted to any succeeding examination, but no candidate will be considered who has made three failures."

The resignation of Nellie Bennett, as a teacher, was accepted, and Mary E. Drew was elected a teacher and assigned to the Utah Street School. W. A. Mullins was elected a substitute teacher and assigned to Manual Arts High School. Mary Richards was assigned to Edendale; Bees E. Farrell, to Twenty-sixth street; Florence A. Kuss, to Fourteenth street; Anna M. Abbott, to Eleventh street; Geneva Saunders, to California street.

"Candidate teachers were assigned as follows: Esther Andrews, Cambria street; J. E. Bailey, Los Feliz; Edith Ball, California street; Grace Ball, Sixth-sixth street; Helen Barr, First street; Lotie Behrens, Hoover street; Julia Berry, Euclid avenue; Lois Blake, Second street; Ruth Bohlen, Main street; Millie Bradley, Loreto street; Margaret Brannen, Seventeenth street; Mary P. Brown, Thirtieth street; Beale Brudston, Fifty-first street; Elizabeth Burke, Grand avenue; Myra Carney, Marengo heights; Rose Carney, Grand avenue; Nell Coad, Alpine street; Fanny Crawford, Fifth street; Myrtle Davis, Hooper avenue; Margaret De Garmo, Sixty-eighth street; Mabel DeMars, Fourteenth street; Ellen Dolton, Arlington heights; Laura Donnell, Tenth street; Glendora Doty, Ninth street; Laura Douglas, Norwood street; Gladys Dresser, Hill Avenue; Elsie Espe, Main street; Lillian Estes, Dayton heights; Alban Forsyth, Ninth street; Edith Caver, Magnolia avenue; Marion Glyn, Fifth street; Hazel Hillen, Ramona; Clarence Hodges, Cornwell; Marie Holway, Sixty-second avenue; Lucy Hummel, Twenty-eighth street; Lella Hund, Seventh street; Gertrude Hunt, Twenty-first street; Gladys Huston, Utah street; Ruth Kennedy, Jefferson; Kirk, Ingraves and North; Washington street; Ethel Lockard, Staunton avenue; Jennie Lovell, Thirty-sixth street; Lillian McHenry, Bridge street; Ruth Merriam, Thirty-fifth avenue; Ethel Miller, Twenty-third avenue; Eleanor Nahliger, Sixteenth street; Mary Nesbitt, Mission street; Olive Newcomb, California; Ellen O'Brien, Micheltoreno; Ethel Peck, Solano avenue; Sue Perry, W. Vernon street; Dorothy Peters, Franklin street; Clara Rippetto, Twenty-fourth street; Gladys Rodda, Gardner street; Grace Schneider, Castelar street; Edna Reed, Third street; Bertha Reed, Schroeder, Edendale; Elizabeth Druggs, Castelar; Eva Schellenberger, Thirty-seventh street; Nell Shupe, Sentosa street; Gertrude Spence, Third street; Florence Spencer, Logan street; Bernice Spofford, Boyd street; Mabel Sutton, Castelar street; Blanche Taylor, Boyd street; Vivien Tyler, Hobart boulevard; Margaret Walker, Vernon avenue; Sarah Wallace, Fifty-fourth avenue; Hilda Weldon, Casco street; Margaret Widrich, Trinity street; Zil-da Williams, Fremont avenue; Arline Wilson, First street; Emma Monders, San Pedro street; Helen Wyckoff, Broadway street; Yvonne Yett, Berendo street; Harriet Young, Twentieth street; Hildreth Mayes, McKinley avenue; Adah D. Wayde, Colegrove; Bertha Young, Twenty-fourth street; Amelia; Minnie Salkoff, Manchester.

TAKE BODIES FROM MINE.
Fifty-four of the Hundred and Twenty-eight Alabama Colliery Victims Are Recovered.

[ASSOCIATED PRESS NIGHT REPORT.]
BANNER (Ala.) April 10.—Only fifty-four bodies of the 128 victims known to have perished in the Pratt City Consolidated Coal Company mine have been brought to the surface. Of these six were white. Sixteen other bodies are at the bottom of the pit.

Nine bodies from No. 2 entry this morning were horribly mutilated. There is no way to tell when the mine will be cleared. There are two heavy falls of rock and if bodies are under this, it will take several days to get them out.

"It's a surprise to me," said Attorney McKenna. "My brother left Chicago about five years ago and went out West. He never communicated with me and I received no word that he was in a hospital. I shall communicate with him."

LARDLESS COOKERY.
Horseless carriages, wireless telegraphy, and now lardless cookery! Lard has one fatal objection—it is indigestible. Nine-tenths of the indigestion with which the American nation is afflicted is due to the use of pork and its by-product—lard.

Recognizing this, The N. K. Fairbank Company, has placed on the market Cotolene, which can be used for cooking purposes in every way that lard or butter can, and which makes delicious, digestible and nourishing food. It is recommended by physicians, even to invalids, and it is cheaper than lard, one-third less being required.

Piping of Pan.
JUST ONE BLAST FROM WHISTLE
That's Enough to Adjourn the Camorra Trial.

Poor Man With Lawyers Arouses Witness.
Denies He Had Understanding With Priest.

[ASSOCIATED PRESS NIGHT REPORT.]
VITERBO (Italy) April 10.—President Bianchi's way of dealing with disturbances at the trial of the Camorra is the subject of the sitting, and no frequently is this provocative exercised that the proceedings are seriously delayed and promises to be long drawn out.

Today the sound of a whistle from among the spectators was sufficient to start a commotion that ended only when an adjournment was declared.

Giacomino Ascrittore was under interrogation at the time. He is charged with having falsely denounced Tommaso de Angelis and Gaetano Amadeo as the murderers of Gennaro Cuocolo and his wife in furtherance of a conspiracy with the priest, Ciro Vitozzi, in which they sought to free of suspicion Enrico Alfano, his brother, Ciro, Gennaro Ibelli and Giovanni Rapi.

On Saturday, Ascrittore told of the peculiar actions of De Angelis which convinced him of the man's guilt. Today he recounted the evidence which had satisfied him that Amadeo was the assassin. He said Amadeo had been so poor that he had often asked the prisoner for the loan of a few francs.

"Now," said Ascrittore, pointing to Amadeo, who was seated in the audience, "that gentleman comes here as an accused. Then he was without a cent; now he goes to the expense of having five lawyers."

Amadeo retorted: "I am always more of a gentleman than you are." "One day," continued Ascrittore, "Amadeo being drunk, said there was much apprehension in the public mind regarding the Cuocolo affair. He said that only \$120 was divided among the murderers, though some persons seemed to have made a profit by selling the furniture from the home of the Cuocolos."

REPORT OF A BATTLE.
Federalists Find the Rebels in the Act of Dynamiting a Road and Engaging the Cavalry.

[ASSOCIATED PRESS NIGHT REPORT.]
CANANEA (State of Sonora, Mex.) (Via Nogales, Ariz.) April 10.—A messenger arriving here today reports a battle between Comandante Barron and his 200 Federal rurales and about 100 insurgents, under Juan Cabral, yesterday afternoon and last night, at a point this side of Bacanuchi, twenty-one miles southward from here. The Federal report says fifteen rebels were killed and a number wounded, and one of the rebel officers taken prisoner. The government loss was not given.

The fight is said to have begun at 4:30 o'clock yesterday afternoon. The Federalists claim to have captured also forty horses and a quantity of dynamite bombs and electric batteries. They say they surprised the rebels about to mine the road with dynamite, and an engagement followed immediately. Six Americans are said to be in the ranks of the insurgents.

It is believed that the fighting is proceeding in that vicinity, and more messengers from the field are awaited here. The Federalists have 800 men in the Arispe neighborhood, equipped with four machine guns and rapid-fire field pieces. The rebels under Cabral and the Galin brothers are reported to be equally strong.

Piles Cured Quick
Send For a Free Trial Package and You Will Be Overjoyed at the Astonishing Relief and Cure.

Anyone who has piles wants quick relief. If you can't wait, drop into the next drug store and get a 50c package of Pyramid Pile Cure. You will find relief right away. The cure comes quick and is complete, permanent and sure. Old, chronic cases, that itch all the time, bleed, protrude and are sore, become gangrenous and are the very essence of utter misery. Write to the Pyramid Pile Cure Co., 271 Pyramid Bldg., Marshall, Mich., for a free trial package by mail in plain wrapper of Pyramid Pile Cure. Such cases have tried a dozen remedies, they believe in nothing, expect to be operated on, are sick, weary and discouraged. They need this trial. It will be a revelation. The relief will bring back their hopes of a cure, the remedy will turn that hope into realization. A man in Indiana past 70 had suffered over 30 years with bleeding piles. The free trial of Pyramid Pile Cure was his first real comfort. He was thoroughly cured and has lived his remaining years in peaceful enjoyment, doing such odd work as would occupy his mind, and going about with none of the restraint and hardships that always accompany piles. Don't neglect to send for this free trial, and remember you can always obtain the regular 50c package in any drug store and be

S.S.S. DRIVES OUT BLOOD HUMORS
The intimate relation of the skin to the blood is shown by the fact that impurities or poisons of any character are usually manifested in some form on the outer cuticle. The germ of disease in the blood will cause a flushing and redness of the skin in like manner the uric acid of Rheumatism will cause inflammation, while malarious poison produces a sallow and chalky hue; and so with other impurities.

The skin is a real barometer to the blood, and the character of impurity infecting the circulation is determined by the effects on the outer tissue. Humors in the blood produce what we term in general, Skin Diseases. These are divided into several classes known as Eczema, Acne, Tetters, Scabies, Psoriasis, Pimples, Rashes, etc., and each of these troubles indicates the presence of humors or acids in the circulation. The humors and acids, by their irritating nature cause the delicate flesh just beneath the outer skin to ulcerate and discharge, and so the skin is disfigured with eruptions which often are torturing to the sufferer because of soreness, intense itching. External treatment cannot cure an internal trouble, and for this reason salve washes, lotions, etc., can have no curative effect on skin disease. Such treatment can perhaps soothe and make the irritated flesh more comfortable, but the real cause must be removed by purifying the blood before skin trouble can be cured.

S. S. S. cures Skin Diseases of every kind by purifying the blood and removing the humors from the circulation. It neutralizes all impure acids, cools the over-heated blood, builds it up to normal strength, multiplies the skin instead of being irritated by acid impurities and humors, is nourished, soothed and softened by pure, rich blood. Book on Skin Diseases and any medical advice free. S. S. S. is for sale at drug stores.

RECOMMENDED FOR JUDGSHIP.

GEN. BREEDEN PROBABLE APPOINTMENT TO PANAMA.

Prospective Judge, Formerly Attorney-General of Utah, Has Been a California Resident Several Years and His Appointment Is Urged by Senator Smoot.

OCEAN PARK, April 10.—M. A. Breeden, former Attorney-General of Utah, whose home has been made by the sea during the past few years, stands in a good way to become a United States judge in the Panama Canal zone.

According to a dispatch just received from Washington City, United States Senator Reed Smoot called at the White House and recommended to President Taft that the berth be given to Breeden. Smoot was informed that the chair of Breeden would receive consideration.

The position of judge in the canal zone ranks with the position of a seat on the bench of a United States district court, as the latter is a desirable place for one who is willing to make his home on the lathum, and recent conditions have been so favorable there through the operation of sanitary regulations.

News that he had been recommended for the place came as a surprise to Gen. Breeden, but he has made up his mind that if the position should be offered him by the president, he will accept it. He is now in the city.

Gen. Breeden, but he has made up his mind that if the position should be offered him by the president, he will accept it. He is now in the city.

LADY'S SHOES CAUSE A ROW.

Hubby Thought She Stayed Out Too Late and Acted Haughty.

LONG BEACH, April 10.—Officers were called to Sixth and Walnut shortly after midnight to quiet a family row. The wife had been out late and when she returned home hubby refused to let her put her shoes under his bed. The discussion aroused the neighbors, who phoned for the police. The trouble was finally adjusted.

ENEMIES' SOP FLATLY REFUSED.

PROPOSITION TO REINSTATE IS SCORNFULLY TURNED DOWN BY THE MEN WHOSE TROPHY WAS INSURGENT DURING THE HEAT OF THE CAMPAIGN.

LONG BEACH, April 10.—The School Board trouble, so far from being settled by last Friday's election seems to be boiling worse than ever. The proposition to reinstate is scornfully turned down by the men whose trophy was insurgent during the heat of the campaign.

MT. WILSON HILL CLIMBERS READY TO START TOMORROW.

EIGHTEEN of the best long distance runners and mountain climbers in Southern California will start on the long, hard grind, which will end nearly a mile high, when Starter Jeffries gives the signal for the annual Mt. Wilson hill climb tomorrow morning.

Two minutes' intermission will be allowed between the start of each contestant. Just before the race begins they are to draw for places and as the winner of each race is called he will take his place at the foot of the grade and start as the pistol is fired.

There are many favorites in the contest. Members of the Southern California Athletic Club have full confidence that their representatives, Adolphus Gregg, who has won the trophies at the first and second races, will take his place at the foot of the grade and start as the pistol is fired.

Whether Pete George, who won the Venice Marathon last year, can make good at hill climbing and win the race tomorrow is to be decided. It is known that long distance runners are not always good climbers, but the little Greek won the marathon victory so easily that he is a favorite with a number of the enthusiasts.

Edward Dietrich, who has won the victory to his credit, will also be in the race tomorrow. Dietrich has been suffering from rheumatism in the last few weeks and is not in the best of shape. For this reason he hardly expects to win the contest.

Dietrich says the course is four or five minutes slower than the usual, as a result of the winter rains. He hardly expects any of the contestants to lower "Soldier" King's record of 22 minutes and 30 seconds, which he set in his last climb three years ago in the first climb.

In addition to the medal which has been offered each year, a handsome silver cup is to be given to the winner. Gold watches are to be given to the second and third place runners. Entries: Edward Dietrich, L.A.A.C.

THE Inglewood Club is arranging for a pool and billiard tournament at the club rooms in the near future. The members of the club have been asked to contribute to the fund for the purchase of the trophies.

The question of whether or not a teacher can successfully instruct in a school in open city and make his home and spend all his spare time in the city, is agitating the minds of the residents of the Inglewood Union High School district. It is the opinion expressed by the union, the teacher's part, to certain degree, in the social, business, and even religious life of the district where he teaches, he cannot give the necessary instruction.

Edwin Hullinger will represent Long Beach in the contest to be held by the Southern California High School Oratorical Association at the Auditorium Hotel in Los Angeles. Hullinger won the honor this week in an inter-school contest.

The Alamitos Library Association has elected as officers Mrs. P. L. Dodge, president; Mrs. W. B. Walters, secretary; Mrs. George Draper, vice-president; Mrs. L. S. Martindale, secretary; Mrs. J. F. Driscoll, treasurer.

The police have been asked to look for a horse stolen from the mounted patrolman, who is on duty between Santa Pedro and Wilmington. Saturday night he rode his horse to Wilmington at a late hour and left it hitched to a post for a short time. When he returned he found the horse missing. No trace of it has been found here.

Dr. W. Harrison Jones has been selected as interlocutor of the local Elk lodge, which is to be given during the month of May. The person of the minstrel troupe and afterpiece is nearly complete.

An eastbound Seventh-street car collided with an auto at Fourth and Pine avenue, took off a wheel and smashed a lamp and rear fender. The occupants escaped injury.

REDONDO BEACH, April 10.—Otto Erickson, a sailor, mistook the railroad tracks for a beach and drove his car into the water. The car was driven along the tracks with a hired rig to the approach of the wharf, a distance of nearly two miles, when stopped by C. Schallert. Erickson was drunk when taken in charge by Herman Lambert, who found it more difficult to make the return trip. The car was driven along the tracks with a hired rig to the approach of the wharf, a distance of nearly two miles, when stopped by C. Schallert. WESTERN STATE RAILWAY DISGRACE TO THE NATION.

Old Junk, Running on Rotten Rails, Endangers the Lives of Hundreds of American and English Visitors to Paris—State Bled by the Capitalists Who Made no Repairs for Ten Years.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

PARIS, March 26.—Within the last six months some ninety-two persons have been killed outright on the Western State Railway in France, and no one knows how many have been injured or maimed for life. Practically every catastrophe has been due to the bad state of the roadbed, or the rolling stock, and, therefore, was a preventable accident, and as the French public is beginning to realize that the scandal has become intolerable. All that is necessary to bring the tragedy home to the English and American public is the piling up of the boat excursions from Cherbourg, or the "rapide" from Dieppe to Paris.

Following the outburst of indignation in the French press the whole question of this state-owned railroad has been brought to the attention of the public. Up to the present the theory of private enterprise attack the state for meddling with railroads, and socialists blame the capitalists for practically wrecking the railway system before the state took control. In the clash between these two theories of uncompromising theorists many facts have been obscured and much nonsense has been written. The truth is that the Western State Railway, at present, is in a deplorable state. Not long ago, a famous American railway expert told me he could not imagine it could be in a worse state.

The state took control of the Western Railway on January 1, 1909. Since then, according to M. Puch, Minister of Public Works, under M. Briand, there have been thirty-eight serious accidents—twelve derailments and twenty-six collisions—killing 120 persons and wounding 1,200. The official number of deaths, but was told that the government records were incomplete, there being on the records at the Ministry of Public Works only sixty-eight deaths, and the officials themselves admit that the fatalities were much more numerous. Had Parliament decided on confiscation, taking over the line at its proper value, all the stock of the company would have been sold, and the government would have had a large sum of money. There might even have been an uprising in the country and no end of trouble. For political reasons, therefore, the government decided to protect the railroad's stock with the result that the former directors of the line, who were among the richest men in France, when finally the Western Railway was taken over by the government, the old directors had to juggle the figures as to give the railway a fictitious value. Experts are still trying to unravel the tangle and it is estimated that not until 1925 will the railroad be paid for and the accounts closed.

When the government took over the line two years ago there was anarchy everywhere. The stock of coal was enough only for fifteen days, whereas today the normal supply is for 140 days. Between four and five thousand cars were absolutely unusable, which was a good deal more than 80,000. According to M. Bernard, a Deputy, the amount of money lost aside from track repairs, during the ten years preceding the purchase, fell from \$1,000,000 annually to less than \$500,000. While the receipts of the railroad rose 50 per cent, and the distance covered by the locomotives increased 50 per cent, the number of new locomotives increased only 27 per cent. Today, in spite of a single effort on the part of the government, the state railway is still short of locomotives, short of cars and short of sidings for the shunting of cars.

The total programme, according to M. Bernard, amounts to \$100,000,000, which is divided into \$75,000,000 for tracks and buildings and \$25,000,000 for rolling stock. Experts estimate, as I have before indicated, that \$25,000,000 are needed, but as the Budget Commission wish the \$100,000,000 voted immediately it is probably wiser for them to break the news gently to the public.

In commenting on this outlay the Humanite, M. Jaures' newspaper, says: "Total \$100,000,000 to pay one account of the Western Railway Company. Do not think any inventory, after fraudulent bankruptcy, could be more overwhelming."

Most damaging statements are made by M. Fernand Engerand, Deputy from Calvados. The line to Paris from Cherbourg was constructed in 1878 and part of it has not been reinforced for twenty years. On the line, he says, there are dangerous curves, insufficient signals, and in some places it is almost impossible to see the signals. On the line from Caen to Cherbourg, a distance of thirty-five miles, the rails are nine yards long and weigh only eighty-four pounds, and their laying is defective. Some time ago M. Engerand, while waiting at a station on the Paris-Cherbourg line, examined the rails and with his finger picked out a hanging place of iron which he presented to his colleagues in the Chamber of Deputies, saying he could have brought along fifty more similar pieces. Ten minutes later, he says, the train passed over the place, and the rails broke at the rate of seventy miles an hour, left the track at Bernay and eleven cars resulted. According to a subsequent report made by the Minister of Public Works the cause of the accident was due to the bad state of the roadbed. Repairs at the very spot were arranged for in 1909, but had not been done when the accident took place.

"If one had wished to cause a catastrophe at Bernay," said M. Engerand, "one could not have proceeded differently. At Bernay there is a dangerous curve and it has always been signaled as the most dangerous point on the Paris-Cherbourg line. The line under the old company management was never good and was in no state to support great speed."

No one can estimate the damage by the loss of perishable merchandise and lawsuits over the failure to deliver at certain stations. In some cases whole carloads of cattle have been found dead of neglect and starvation. I am informed by the president of the syndicate of horse traders that a horse shipped from Chartres to Paris, a distance of fifty-five miles by express, took seventy-two hours to arrive, which gives some idea of what may happen to cattle shipped by ordinary freight.

REFORM PROMISED. It might be admitted that the French officials are perfectly alive to the distressing situation and are doing everything possible to remedy it. M. Clavel, one of the ablest railroad men in France, has been put at the head of the system to reorganize it. He immediately ordered a large number of trains in order to free the track, and ordered out the reserve locomotives. His second step was to reduce the speed of trains until all the lines are reinforced.

SLICING A MELOON.

West Virginian Will Share in the Big Estate of a Missourian, the Attorneys Say.

[BY DIRECT WIRE TO THE TIMES.] KANSAS CITY, April 10.—[Exclusive Dispatch.] Another slice is to be cut within the next two weeks from the millions left by Thomas H. Swope, attorneys said today. This time a "dignified sum" is to be paid Elmer C. Swope of Martinsburg, W. Va.

Elmer Swope says he is a son and rightfully the only heir to all the cash and valuable real estate holdings left by the Independence millionaire. His attorneys, Swope, T. A. Milton, W. R. Johnson and John Lucas believed the story enough to take depositions from the Atlantic Coast to the Pacific Ocean and still more depositions were scheduled to be recorded before the case could come to trial in May.

"The attorneys for the estate promised to file a proposition to pay one account of the Western Railway Company. Do not think any inventory, after fraudulent bankruptcy, could be more overwhelming."

Mrs. Swope and her children are now in California, where they have been spending the winter. As they must pay the bill the attorneys are waiting to hear from them before submitting an offer.

Elmer Swope claims to be a son of Col. Swope because of a marriage of Peter M. Swope and Miss Elizabeth Carroll, his parents, at Point Pleasant, N. J., in the 60's. This Peter M. Swope was supposed to have fought mules and horses in the Civil War, but shortly after his wedding his bride and catenals, he deserted his bride and came West, where he took the right name of Thomas H. Swope.

SALOON TRUST "BUSTED."

With Removal of Reclamation Camp Licenses Are Released in Cities of Phoenix and Tempe.

[ASSOCIATED PRESS NIGHT REPORT.] PHOENIX (Ariz.) April 10.—The issuance of twenty saloon licenses here, and four in Tempe, today by the County Commissioners took the liquor business out of the hands of the "trust," consisting of one Tempe and three Phoenix saloons, which has had the field to itself the last two weeks.

A territorial law, designed to protect railroad grading camps against grogeries, prevents the issuance of licenses for saloons within six miles of any camp of twenty-five men engaged on public work. The law was not intended for city but was invoked by the Territorialists and stood the test in court.

No One Will Dispute

the deliciousness of your gems, biscuits, cakes—always light enough to almost melt in the mouth—if you use Rumford Baking Powder. It raises right—makes your food light and of the finest texture. You can depend every time on

The High Quality of

this wholesome powder. It returns to flour the nutritious qualities taken out in the milling—that's all. It is a help to health and to economy.

Rumford THE WHOLESOME BAKING POWDER

...had a new bicycle, and was coasting on it while holding to the automobile in which his father and mother were riding. Suddenly Martin seemed to lose his hold, and he was thrown headlong to the ground and between the wheels, one of which passed over his abdomen. Gulick was driving slowly and he came to a standstill almost in time to save passing over his boy.

The injured lad was taken to a hospital, where an operation was found necessary last night. Today the hopes for his recovery are slight.

Y.M.C.A. CONVENTION. Plans are being made for a county convention of the Y.M.C.A. to be held in Santa Ana April 21 and 22 to mark the completion of four years of work by the Orange county Y.M.C.A., the first county organization in the West. The association has branches in several towns, all working as one association.

NEWS BRIEFS. Major L. L. Vestal and Capt. N. A. Ulin, both of Santa Ana, officers in the Seventh Regiment, N.G.C., yesterday visited the regular army camp at Grossmont, below San Diego.

Marriage licenses: On April 8—Herbert C. Warner, 27, and Ethel Stewart, 18, both of Ontario; Edward C. Ingram, 31, of Los Angeles, and Jennette Ackley, 25, of San Francisco; Joe J. C. Doran, 47, and Victoria Romero, 29, Brightwood 738; R. E. Swain, Republican, 727; and N. A. Richardson, Socialist, 721.

The mechanics of the city voted strongly Socialist, the Richardson vote also being strengthened by a heavy vote from the church people. In recognition of his valiant services with the prohibition forces in the bitter anti-saloon fight of a year ago, The Socialists elected George Chamber Councilman in the Fourth Ward.

The Republicans successfully carried through Harry Heap, for Police Judge; Sherman Batchelor, for City Clerk; W. E. Irving, Councilman in the Fifth Ward; C. W. Smith, Councilman in the Fourth Ward; J. H. Parker, school trustee. The Democrats, besides winning the majority contest, elected W. C. Seecombe school trustee.

The vote is so close on all three majority candidates that a recount seems inevitable.

WANT TREES. A committee of Redlands citizens consisting of T. T. Smith, Frank Gore and C. H. Clock, appeared before the Board of Supervisors today, asking the board to water trees along the roads between here and Redlands more frequently. They called attention to a bill recently enacted permitting the appointment of a county forester at a salary of \$100 monthly, and asked the board to Redlands stated that there was a move on foot for all Southern California towns and counties to co-operate in systematic tree planting along public highways. The board will not appoint a county forester, but present owing to the condition of county finances.

DESERT ROADS. Desert citizens this morning petitioned the Board of Supervisors to aid in securing the construction of the \$100,000 State road fund, with which to build a system of roads on the desert. It is claimed that there were plans carried out over half of the entire fund would be taken up by the State, and the petitioners dispute, and say that local conditions are such that their roads can be built with hardly any large expense. They wish one road built from San Bernardino, through the Cajon to Daguerre, from Daguerre, along the Salt Lake to Otis, Kelso and the Nevada State line; from Daguerre east to Needles, following the Santa Fe; from Needles to Parker.

PROFESSIONAL CROOK. Walter Rickman, who stole a horse from the A. K. Lyman livery here two weeks ago, and hid it in Colton, stole a team from G. S. Wilson, and City Assessor R. L. Freeman his job to E. L. Vegely.

City Treasurer H. D. Connell has a lead over his opponent, L. P. Hickox, in the Second Ward, complete. W. L. Grubb defeated City Trustee J. W. Harris by a vote of 220 to 151. Other elections for City Trustee were: Frank Gray over R. R. Smith in the First; O. B. Alderman over Dr. J. M. Raugh in the Third, and W. A. Greenleaf over S. J. Jackson and A. N. Smith in the Fifth.

With half the big vote of 468 counted in the Fifth, George McPhee has a lead of 25 votes, over E. E. Vincent. For the first time in his history Santa Ana will have two women on its School Board, Mrs. E. B. Norman and Mrs. W. M. Smart.

They, with W. L. Duggan, are elected, and G. E. Dean, H. H. Reeves and J. M. Cain running close for the other two positions. A hard fight was made against the re-election of John Beatty to the school board, and in spite of "single shots" for him, his defeat is conceded.

One of the storm centers was on the City Attorneyship. Heathman was attacked in three pulpits for statements alleged to have been made by him to the effect that the presentation of a charge of doubtful character, such as "The Girl from Rectors," could not be stopped. The controversy got into the papers and the attacks created sentiment in favor of Heathman, whose victory was one of the most decisive of today.

The candidates for City Trustee, who had the support of the church federation, were all defeated, the issue in the Fourth Ward still being in doubt. Edwards, for Marshall, won. The church support was probably defeated. Nominations were by petition.

RIVERSIDE. RIVERSIDE, April 10.—Fire practically destroyed the ten-room, frame tenement house on Walnut street between Tenth and Eleventh streets belonging to Judson House. The blaze was caused by the bursting of a small oil heater, which, when lit, was being carried by a man to a lot, where it fell to pieces, scattering oil, and in a few seconds the interior of the building was burning fiercely. The fire department responded and the fire was extinguished, but not before the building had been gutted. It was valued at \$2000, and there was insurance for \$1000.

Marriage licenses were issued today to George Phelps, a native of Michigan, aged 25, and Florence Walcott, native of India, aged 20. The parties are residents of Colton. Licenses were also received by Herbert Leeland Salisbury, native of Maine, aged 45, and Miss C. Converse, native of Ohio, aged 39, both parties being residents of Cucamonga.

COLTON. COLTON, April 10.—The Executive Committee of the San Bernardino County Christian Endeavor met at the First Presbyterian Church in this city, yesterday afternoon. The local society served a six-o'clock luncheon in Social Hall. The visiting members were in charge of the evening service. Miss M. Rouse of San Bernardino spoke on the "Tenth Legion." Miss Helen Scott, of Highlands on "Missionary Spirit," and George Blair of Redlands took as his subject, "Christian Endeavor Results." Mrs. Hadassa Goodfellow sang a solo.

The funeral services of Robert H. Grant were held at Highgrove this afternoon at 1:30 o'clock. The Colton lodge of Odd Fellows were in charge of the services. The official count was completed by the City Council late tonight, and

The "Violyn Plate"

Gives the Sweet Harp-Like Tone To the Famous

Kranich & Bach

The sweet, harp-like tone of the Kranich & Bach makes this Piano a genuine delight to the music lover. It's the result of an exclusive Kranich & Bach feature—the famous "Violyn Plate." This invention permits, for the first time, the violin principle of stringing in an Upright Piano—a single pressure of the strings instead of the ordinary double pressure. A specially constructed Sounding Board is also used. And the resulting tone is fuller, sweeter, more resonant—more "singing."

The Kranich & Bach is in the class of the highest grade, a Piano of permanent qualities—a sound investment. Made in Uprights and Grands, priced at \$525 to \$950. Shown exclusively by us—and purchasable on favorable terms.

Kranich & Bach Players

Kranich & Bach make but one grade of Piano—and you get this in the Kranich & Bach Player as well. The Player mechanism itself is of their own building—mechanically perfect, easy of operation—and specially adapted to the Kranich & Bach Piano. The Kranich & Bach Player is priced at \$950, purchasable on monthly payments. With it a generous supply of Free Music is given at time of purchase—and free exchange privileges in our great Music Library.

BABY CENTRAL FIGURE IN EL MONTE TRAGEDY.

Boy of Three Sees Father Shoot Down Man Sent by Mother to Look After Him, and May Be the Means of Conviction—Strange Features of a Wine Killing Brought Out at the Coroner's Inquest Yesterday.

SIDNEY MCCOY, a chubby boy of 3, was the central figure in the tragedy Sunday on the McCoy ranch, at El Monte, when his father, Ben McCoy, shot down Alfred Peters, a ranchman neighbor. This was brought out yesterday at the inquest in Forst's undertaking rooms, Savannah.

The official inquiry disclosed that the killing was of a sordid character, induced by McCoy's drunken condition, and his fanatical and delusional belief that Peters was coming to take his child away from him. It is the old story of a man fired by red wine to a terrible deed. Not one reason for the shooting was advanced by McCoy, who sat wild-eyed and solemn, or his white-haired and honored father and three brothers, who sat by him. All appeared relieved when the Coroner's jury returned its verdict, which is:

"We, the jurors, firmly believe that the deceased, Alfred Peters, came to his death by a gunshot wound in the left breast, inflicted by someone at this time unknown."

Friends of the prisoner crowded around him expressing their sympathy in his predicament. Relatives embraced him and finally, when the deputy constable in charge announced that McCoy must return to his cell in the County Jail, the crowd slowly filed through the doorway, to catch a last glimpse of him, as he was whirled away in the county's automobile.

The killing, which has stirred the whole countryside, about El Monte, is one of the most peculiar and unanswerable from the standpoint of motive that the District Attorney's office has had to deal with. It is so peculiar in every feature that if McCoy's baby son had not stumbled across the threshold of a neighbor's with the news, and McCoy had determined to deny the shooting, officers of the law would have had great difficulty in securing a conviction.

"DADDY'S SHOT ALF."

"Daddy's shot Alf," chirped the child as he pushed open the door of Mrs. Christians Osmund's home, about a block from the McCoy ranch.

"E shot him—bung, like dis," continued the baby, as he squinted one eye, and extended an arm to represent the gun.

"Daddy sure shot him a good one," he concluded, with a rollicking giggle. Alarmed by the lipings of the child,

head in an effort to momentarily distract the attention of Ben. For a moment the brothers stood thus, one with his finger on the trigger, the other in front of the gun. Then sense slowly returned to the drunken one. He seemed to recognize in the features of the man abreast of him a person of kin. Something within him had been slowly, but surely awakened. With the awakening came a wave of keen realization of what he was about to commit.

Dubiously and with an air of stupidity, Ben lowered the gun, then looked it all over. Slowly his brother ad-

QUARTER-MILLION IN DEALS.

Corner of Eighth and Grand and Hill-Street Lot Between Seventh and Eighth Streets, Change Hands.

Two important transfers involving close-in property were consummated in this city yesterday. Both of the deals were significant in that they practically insure substantial improvements in the near future. The aggregate consideration involved was approximately \$250,000.

The larger of the sales was that of a lot on the east side of Hill street between Seventh and Eighth streets by I. N. Van Nuy to Lester Patterson for a consideration of \$125,000. The lot is 50x155 feet to an alley and the improvements consist of a two-story rooming-house of but nominal value. The consideration was at the rate of \$2500 a front foot. The sale was made through Bryan & Bradford.

The purchaser, a wealthy Minnesota man, is understood to have in mind the immediate improvement of the site with a building of at least five stories, his agents now having under consideration a proposition which would pay 7 per cent. on his investment.

The second deal involved the south-

MOON FIGURES IN HIS TRIAL.

Fate of Englishman Hinges on Shadow Cast.

Scientists Testify in Long Beach Murder Case.

Demonstrate Light Ample to Recognize Objects.

The position of the moon at 2 o'clock on the morning of January 17 last, and the shadow it cast on the porch of the Bowers home in Long Beach, may decide whether George Richard Ward, accused of the murder of his friend,

plan of the Bowers home. Shultz testified that at 8:24 p.m. on April 17 shadow cast by the moon on the porch was as indicated in the plan, three feet inside the top step. Bowers is said to have appeared on the porch at the time indicated. Witnesses will assert that, on the night of the test, objects were with great distinctness and were recognizable at a distance.

RECOGNITION POSSIBLE.

This is expected to prove that Mrs. Bowers, when they home late together from the El Monte meeting, should have seen John Bowers in the midnight p.m. who fled at their approach. House—if it was he, as they believe, Ward should have seen his friend, as he stood on the porch in full light of the moon, and could have mistaken so large a man whose figure he was familiar with, for a burglar.

The defense, represented by attorneys Will H. Anderson and Victor Kins, did not have time before adjournment to interrogate Shultz. Th used by him in measuring the distance in the presence of the prosecuting attorneys, the Chief of Police, Constable of Long Beach, was admitted in evidence.

Ward retained the same impudence in court that has charmed him ever since he shot Bowers. J. pressed his entire satisfaction on the jury chosen and with his counsel, Mrs. Bowers, whose relations Ward the prosecution will try to prove such as to arouse the jury, Bowers, and to cause him to suddenly in the night, when he believed to be at Oceanside, to appear in court.

It is understood that she collected full amount of her husband's life insurance policy, namely, \$5000, after Ward's preliminary examination, and that she is defraying the cost of the trial. Her appearance in court is awaited with interest. She will be between two fires—obligation to her dead husband, as alleged relation in which she stands the man accused of his slaying, must choose between the two of a neutral stand. Her brother, Bygott, a druggist of Redlands, consultation with Ward frequently during the hearing yesterday.

EVIDENCE CIRCUMSTANTIAL.

Although the evidence is wholly circumstantial, the prosecution is confident that Ward will be convicted.

A portion of yesterday morning nearly all the afternoon were passing a jury. About forty men were examined, and a jury panel was complete there remain the box only one name of the lot allotted to Departments 11 and 12.

The prosecution assured themselves early that none of the jurors was English birth, as are the accused, Mrs. Bowers, and that they had married Englishwomen. Five were chosen during the morning session. The drawing for the afternoon was over at 2:45, and Shultz was the stand as the first witness, a recess.

The jurors selected were: D. W. Ferra, Gardena; C. H. Post, Mon Edward W. Skidmore, Downey; H. Horch, Long Beach; J. S. Be No. 42, Thirty-fifth place; J. Bunker, Santa Monica; Dan Downey, William Meek, Fourth and Pedro streets; Frederick W. Ken 1225 West Twenty-second street; D. Bliss, Santa Monica; Judy C. San Fernando; and J. B. Cal Wilmington.

GRIM GRIN OF KISMET.

Bound-the-Clock Speedster

Goes Only Fifteen Miles An Hour

Pic-pac, Pinned on Road at 1

"Tis the irony of fate," remarked Justice Summerfield yesterday, as he imposed a fine of \$10 on H. J. driver of the Cameron car, which entered in the twenty-four-hour

Footnote could get only an average fifteen miles an hour out of the while he was in the contest. As as he got on the good roads, started for home, Motor Officers say and Anderson figured his speed forty miles by the geometrical principle which is now in vogue with the speed cops.

The same officers took in custody W. Eldridge, a newspaper editor whose chauffeur, W. Rogers, was alleged to have been chasing along er than twenty miles an hour. He released under a suspended sentence. They also arrested C. J. Cobarr, pleaded not guilty, and U. W. Dou who was fined \$10.

Motor Officers Baylock and 2 uels had even better luck. As those arrested by them were J. Foster, C. Streifer, George T. Cline Hanan, William Murphy, Mc den, R. C. Gartz, L. N. Johnson Stanley Smith. Each was fined Edwin James and W. A. Raym were taken in custody, but their cars have not been disposed of.

Clean-up.

SUPERVISORS ACT ON TOUGH ROADHOUSE

BROUGHT TO A REALIZATION

of the disgraceful conditions which exist in certain resorts in the county, by an expose in The Times on Sunday, the Board of Supervisors yesterday took action designed to clean out the plague spots.

As a result of a brief hearing, J. Haley, proprietor of the Log Cabin, a Santa Monica Canyon roadhouse that has no equal hereabouts for depravity, must appear next Monday, and show cause why his liquor license should not be revoked.

Desiring to prevent the establishment of any more places of possible questionable character, the officials refused to grant a dance hall permit to Peck's Pavilion, at Point Pinos.

The Supervisors have no jurisdiction over affairs at Arcadia, but expressed approval of the publicity which has been given the fleeing resort, and declared that they wish they had power to regulate it.

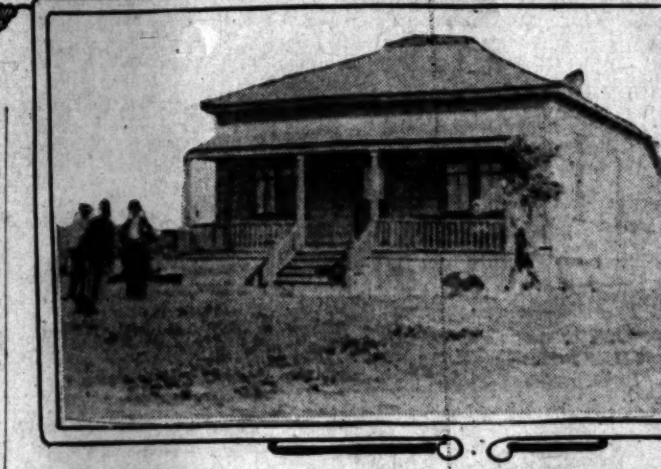

Haley and W. D. McIntyre, one of the managers of the Log Cabin, were called before the board yesterday by Supervisor Nollis, in whose district that dive is situated.

Several newspaper men were mentioned as to what they know concerning the character of the place. They related the disgusting details of the evening spent in the resort. Thursday night was the occasion one of their visits.

Haley was given an opportunity to defend his establishment, and said he did not see anything out of the ordinary there Thursday. Upon closer questioning he related a good reason not having observed any improvement. He was not there on that evening.

The Supervisors called for more evidence against the place, and were informed that it has been run in a fashion for many months. One news told of the many parties of riders who seek this haven in the early morning hours. He drew a picture of young girls drinking, dancing in a disgraceful manner, smoking cigarettes by the box, and stealing away in the darkness to tents with their escorts.

The officials decided that enough had been proved to warrant them to steps to revoke the license of the place. They will give Haley a hearing Monday.

Figures in and Scene of Peculiar El Monte Tragedy.

The chubby baby cutting flowers saw his father, Ben McCoy, shoot and kill the latter thoroughfare, and the price paid is reported at \$120,000 cash. The sellers were Margaret A. Cope and Robert J. Cope, while the buyer was the Title Insurance and Trust Company, as trustee for a syndicate of well-known local investors who plan extensive improvements in the near future. The deal was made through C. S. Holman.

vanced, and without the least show of resistance disarmed him. Ben even permitted himself to be led to his brother's waiting rig, and soon they were on their way to El Monte.

Upon arrival there, John McCoy summoned Constable De Garna and recited the details of the tragedy to him. Then he told his brother that he was under arrest, and must go with De Garna to the County Jail.

His lips became dry. His hands were waving frantically above his

Easter Specials in Women's Handkerchiefs

In order to surpass all previous records in this department, the week before Easter, we offer the following remarkable values all this week.

Regular 50c, 65c & 75c Values

Real Hand Embroidered Madeira Handkerchiefs, and Armenian hand-made lace trimmed.

Handkerchiefs at 40c each (or 2 for 75c)

Made of fine, sheer linen, and embroidered in delicate and dainty designs in a great variety. Some are embroidered on four corners, others on one. Some are beautifully hand-hemstitched. The plain sheer linen in these handkerchiefs, without any embroidery, would be considered good value at 50c each. The lot also contains some French and Irish hand-embroidered handkerchiefs.

We also offer this week 20c values hand-embroidered Linen Handkerchiefs, and some in half-linen, very sheer quality. Others lace trimmed, at 2 for 25c. Large variety of artistic designs.

Attractive Wash Dresses Only \$5.00

Shown in figured lawns, batistes, plain natural colored linen, gingham, madras and beautiful effects in bordered lawns. This offering presents an opportunity to be smartly dressed for summer at a modest price. The garments are attractively made and effectively trimmed with lace or embroidery, some have pipings in contrasting color. The line also includes all white lingerie dresses, in beautiful combinations of lace and embroidery at \$5.00.

Long Kimonos in Figured Silk, Special Value \$3.25

This is an unusually attractive line of silk kimonos for such a small price. Although low in price they are high in style for they are cut with the same lines as are found in the most expensive negligees, and fit perfectly. The backs are cut in French bias style. The colorings and designs include beautiful Persian, floral and Japanese effects.

White Crepe Night Gowns

Slipover style, trimmed with pure linen lace in torchon pattern, and ribbon. Full size garments. Only . . . \$1.00

EASTER NOVELTIES

BOOKLETS

CARDS

The Toy Dept. is gay with Easter eggs and bunnies, and all the pretty, fancy novelties for the Easter season. A fine collection of juvenile books are on display as well as Easter Hats for the dollies.

Woman's Safe Step to Better Looks

It is not hard to find. If your eyes are dull—if your skin is sallow, or your complexion muddy; if you have no roses in your cheeks, do not bother with cosmetics. Don't risk harmful drugs. Get good, rich blood in your veins, and then you will have the bright looks and charm of perfect health.

BEECHAM'S PILLS

are wonderful aids to women and women's looks. If your blood is poor—if you are pale, weak and not up to the mark—your stomach and organs of digestion and elimination are the cause.

Beecham's Pills correct faults. They will help you to good digestion and active kidneys and regular bowels—to freedom from troubles—to purer life-making, beauty-creating blood. In all truth and seriousness, you will find that for good health and good looks, Beecham's Pills

Will Show the Right Way

In boxes with full directions, 10c. and 25c.

GRAFT NOT KNOWN TO HIM.

Wealthy Englishman Here Who Serves Essex Council Without Pay, Says the Word Has No Significance.

Mr. and Mrs. A. W. Johnston registered at the Angelus yesterday morning from England. As chairman of the Court of Sessions, Johnston served more than thirty years. When the Council of Essex was formed, he was made a member and is chairman after a service of twenty-two years.

"Our politics are very different from those in America," he said. "We don't know what graft means, for most of the officials, like myself, serve entirely without recompense of any

kind, save the honor which the title carries. The county of Essex has a population of more than 700,000 and to represent that many people at any time must be a great honor."

Mr. and Mrs. Johnston have a beautiful country home at Epping Forest, where Johnston has an estate of more than 3,000 acres. They are here to visit G. E. Trevelyan, at Redlands, a brother of Mrs. Johnston's and cousin of Sir George Trevelyan, who is preparing a great work on "The American Revolution." The Johnstons were here ten years ago and ever since have stopped calling it California, and write it "Paradise of the Earth."

Next sale for the Bechard engagement opens Thursday morning at 10 o'clock.

Undermuslin Clean-up

Make Your Dollars do Double Duty

Garments which have become dusty or lost their look of freshness, reduced like this:

\$8.00 to \$20 Skirts at \$4 to \$10
\$4.00 to \$10 Gowns at \$2 to \$5
\$3.50 to \$10 combinations \$1.75 to \$5.00

Fresh, clean stock priced at away under value because the makers were overstocked with these particular patterns:

\$1.50 to \$2.50 Drawers 95c
\$2.50 to \$4 Drawers \$1.95
\$5.00 and \$6 Skirts \$3.50
\$1.75 Gowns \$1.25
\$1.50 Gowns 90c

The Correct Fabrics for Motor Coats

Not only the right fabrics but all are rightly priced—everyone fully worth every cent the price-ticket calls for.

Double-faced chevrons, 56 inches wide, \$4.00 a yard.

Cravenettes of the same width in all wanted colors \$2.25 to \$4.00.

Cravenetted Glorias, 50 inches wide, at \$2.25 and \$2.50 a yard—just the thing for motor coats, as they are light weight, will shed the dust and are shower proof.

Priestley's cravenetted serges for suit and coat wear, \$1.75 to \$3 a yard; black and navy blue; 50 to 60 inches wide.

There's a distinctiveness—a charm—about Robinson Company millinery creations which cannot be duplicated in "cheaper" copies.

Parasols That Will Add Grace to The Most Sumptuous Costumes

No matter how luxurious your Easter costume may be, we can match it in shade and in sumptuousness.

Lamp Shade Parasols of plain and fancy silks at \$7.50 to \$18.00.

The real Tokio Parasols with 12-rib frames of solid brass—some of plain silks; some of lined pongees; some with plain and some with decidedly fancy borders—\$5.00 to \$20.00.

Black frame Tokios for \$3.50.

Among the regulation shapes are 10-rib Parasols of Pongee with either plain or Persian borders at \$3.50—very exceptional values.

Children's Parasols—white linens, fancy silks, Pongees with colored borders—50c to \$4.50; all sizes.

ing, \$4.00 per square.

into hysterics of laughter. He knows the value of correct facial expression. Another humorist is Jarrov, who is also a sleight of hand performer and trickster of lightning rapidity. You can't catch Jarrov napping in either repartee or legerdemain. The former is as dry and crackling as the lemon he uses in one of his tricks is wet and acid.

The holdovers are the Barrys in "At Henafoot Corners," the Huntings in "The Fool House," Lola Merrill and Frank Otto in "After the Show," Mike Bernard and Willie Weston, rag-time pianist and character singer.

STOLYPIN.

(By a Russian Correspondent.)
"Are my countrymen safe?"

That was Stolypin's cry when he escaped through the window of his pleasant villa, on the outskirts of St. Petersburg, a few moments after the greatest part of the building had been blown into the air by the explosion of a bomb.

There was no need to answer him for, as he spoke, his little daughter was carried from the ruins, moaning with pain, and he saw that her feet were crushed and bleeding.

And the wild cry, wrung from this man of iron, was characteristic of him. By nature he is kind, good-hearted, and even sensitive.

When Rodicheff, the Liberal orator, denounced the methods used by the Premier to crush the revolution and declared that men would call the hanging rope Stolypin's necktie, at years before they had spoken of Mouraviev's necktie when the butcher of Wilna was hanging scores of men daily.

Stolypin recoiled the expression keenly. It hurt and wounded him.

He is the supreme example of a kind-hearted man who is ruthless and cruel

Events in Local Society

Miss Sally Polk

engagement to Clinton Merritt, nephew of Hulett C. Merritt, will be announced upon her return from a European tour.

There is a persistent rumor, a delicious bit of news, which concerns Miss Dorothy Parry-Jones Jack Lankershim. The two are said, according to the gossip which has not been denied by friends of the people, and which may soon be confirmed. You know Miss Jones formerly resided with her devoted aunt, J. W. Mitchell of Vermont avenue and First street, but returned at two years ago to her home in Los Angeles. Of course, Europe is a desirable place in which to purchase a season, and friends declare that she has there for no other purpose. Jack Lankershim is passing much time at the pretty bungalow and other places preparing it for occupancy. Although these rumors are so far unconfirmed, it is the chief subject now under discussion, and there is reason to believe that a wedding will soon follow. Miss Jones arrived in New York tonight ago, where she was met by her aunt, who will accompany her to Los Angeles.

Other Betrothal.
Miss Sally Polk, daughter of Mrs. L. Polk of the Burlington apartments engaged to Clinton Merritt, and the people will see Europe together. It is all to happen before the wedding, as Mr. Merritt's uncle, Hulett Merritt, and family are to caperone young people on the extended tour. Formal announcement of this betrothal will not be made until the young society girl returns from her tour. Then functions large and delightful will be given in her honor.

Europe and the Orient are luring by popular society hosts and hostesses, and each week a merry group the smart set bid farewell to their friends for six months or a year. The latest travelers include Mrs. Hulett C. Merritt, Clinton Merritt, Miss Rosalind Merritt and Sally Polk, who will leave soon on an extended tour.

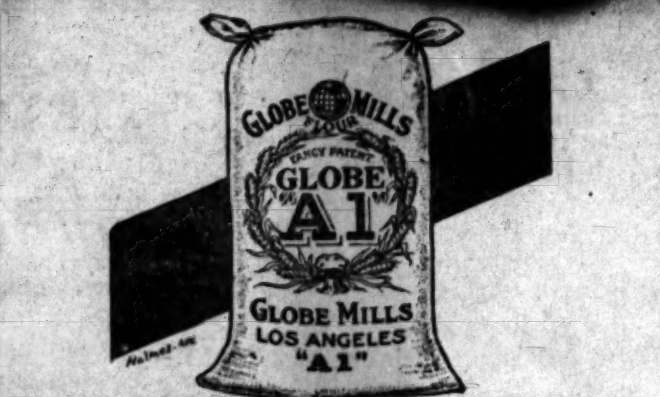

Another party to sail on the same liner is Mr. and Mrs. D. B. Gamble, Sidney D. Gamble, Clarence J. Gamble, Mr. and Mrs. Robert Marsh, J. S. Vance, Miss F. de Laguna, W. B. Chapin, Miss L. C. Gordon, M. J. Dixon, Miss Julia Huggins, and Mrs. Josh Rieff. Mr. and Mrs. Andrews, Dr. and Mrs. Sidney L. Ryan, Mrs. W. W. Meyer, Mr. and Mrs. Minner and Dr. and Mrs. T. Wilson. The party will arrive in London June 8.

Other Trip.
Mr. and Mrs. A. E. Newman will leave in the near future for a trip abroad. They will visit France, Germany, Austria, Italy and England.

Turning Home.
Friends of the Misses Helen and Gertrude Ford will be pleased to know that they will soon return from their extended trip. They have been touring in Panama, Colombia, Ecuador, Chile, Argentina Republic, Brazil, Uruguay, Ireland and England. They have traveled 29,000 miles.

Park Entertainers.
A linen shower in compliment to Miss Graham, whose engagement to Mr. Harry has been announced, was given by Mrs. W. W. Meyer, Mr. and Mrs. No. 237 West Forty-fifth street, yesterday afternoon. Red carnations and ferns were the decorations. Twenty-five guests were present.

Deacons to West.
Miss Jeanne W. Johnson of the Girls' League school announced the engagement of her niece, Miss Ruth Miller, to Mr. Allen Pratt of the Hotel Park. Miss Deane, a graduate of the school and 14-year-old daughter of the school, also attended the party. The party was given at the Hotel Park.

FREE RECIPE FOR Baking Powder Biscuits

By Mrs. C. E. Pearce
Director Domestic Science Y. W. C. A.
—A recipe you will be very glad to have—
for by following these directions and using

Globe "A-1" Flour

You can make the finest biscuits ever.

One-half of our woollens are specially adapted for young ladies. Over 1000 exclusive patterns to select from.

Ladies

The wonderful growth of our business caused by the tremendous values we are offering in made-to-order suits.

We are obliged to rent more space and employ more tailors. Therefore we decided to continue this great sale one week more and will sell our famous \$50.00 to \$60.00 made to measure suits, hand tailored, satin lined, perfect fit, absolutely guaranteed.

FOR \$30

We received another large shipment of imported white and blue serges, also a beautiful selection of advance styles in light color grays in all weaves. If you are considering about getting a spring suit come and see us, we want you as our customer.

When you get a suit from us you will recommend your friends. We hold each customer as a permanent asset to our business. We are building the success of this business on merchandise and workmanship. We invite you to call today.

Our \$30.00 SUIT
is equal to a \$50 or \$60 suit made by any high class tailor on Broadway.

WHY?
Because we pay small rent for large space, we buy our goods in large quantities direct from the mill for cash. Our system of cutting and fitting is perfect. We have no alterations. You profit by those savings. We ask you walk two blocks from Broadway and save \$20 on a high class suit.

SUNNY MONDAY
There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woollens, or turn clothes yellow. Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

The Square Deal

OME one has said that "Trade rests upon confidence." That sounds simple, but what produces confidence?

We have thought about this a great deal and our observation is that confidence is the result of the Square Deal diligently practiced.

My Square Deal we mean good goods, at right prices, honestly backed up by confidence in this automobile business. It is a wonderful business—the third largest in the world. We think there is a great future for this industry. We intend to stay in it.

During the time we have been in business, we have tried to work on the Square Deal plan because we know that is the only plan in the long run that will pay in this business for the "long run."

We have had a measure of success so far, which we take to mean that we are pleased, at least nearly all of the time, that part of the people who do business with us.

Now want Square Deal Service: Consider three things in buying a car: 1. The car itself. Buy a good car. One that has absolutely proved itself in the hands of others. 2. The dealer. 3. The organization behind the car. It is the Chalmers.

The Chalmers factory is big, new, thoroughly equipped. The organization is strong, well balanced, energetic and ambitious. It is a good thing.

Now, the dealer. You have all your transactions with him. (We are glad to have you ask the people in this community whom we have served, and we will give you names if you don't know any of them. We are glad to add your name to our list of patrons. We have one price and one service to all.)

MOTOR DRIVERS LOST ON DESERT.

Warren-Detroit Crew Has
Harrowing Experience.

Marooned for a Day and a
Night in the Sands.

Sturdy Motor Car Crosses
Continent on Trip.

Two dust-be-grimed men who almost
lost their lives in the desert near Al-
buquerque, reached this city yesterday

In the Warren-Detroit "Wolverine" after having driven across the continent from New York. Jack Mohrhardt was at the wheel and Harry Nelly was with him. The two were lost for two days on the sands of New Mexico, and were in danger of starving or dying of exposure.

After leaving Albuquerque Mohrhardt

was directed over a road that took him into the wilderness. He drove all that day and far on into the night. Then he reached a district where there are no roads. The only thing that saved him was the fact that his Warren-Detroit was working perfectly.

More than 100 miles from the nearest habitation, far from a telegraph or telephone station, and hundreds of miles from a railroad the two men in the Warren-Detroit "Wolverine" spent two nights. It was bitter cold. They had nothing to eat and were lost.

For a night and a day and another night the two hardy motor men braved the cold and fought their way over the roads. Mohrhardt saved his gasoline when he faced an even more serious danger than a lack of food.

The tank almost empty they were ready to give up, when a trapper found them. From this man they learned the way to the nearest habitation.

**BASEBALL IN SUMMER
FOR COLLEGE PLAYERS.**

SCHOOL college baseball players in the Southern California Conference are allowed to play professional baseball during the summer vacation.

This question is to be settled at a meeting of the College Conference representatives next Saturday.

With Occidental College lined up strongly against the proposition and U.S.C. with Pomona favoring such action there seems likely to be a clash before the matter is settled. It is not known where Whittier stands in regard to the question but it is rumored on the U.S.C. campus that the Quakers will line up with Occidental.

"We will have to permit summer baseball in professional leagues for our college players sooner or later," said Warren Board, the U.S.C. representative on the Conference Committee in referring to the matter.

"The schools in the East are rapidly falling in line with a sanction for vacation baseball. It seems an injustice to prohibit the good players this means of making their way through college and I am heartily in favor of permitting them to play for money during the months of July, August and September."

The restrictions will necessarily have to be narrow and closely adhered to, but that will be easily adjusted. It is all a matter of legalizing a practice which, in an indefinite way is known to exist at present. It is doubtful if there is a real amateur playing college baseball in Southern California at the present time and it will be far better to place just rules restricting this practice, and sanction it, than to have the players constantly violating the existing rules."

Manager Willie Thompson at Occidental presented the opposite side of

SEALS SECURE DOC MOSKIMAN.

REVERTS TO SAN FRANCISCO ON
RE-ENTERING GAME.

Disregarded Reservation Agreement and Was Placed on Blacklist.
Hastings Order of Visitors Changed
Against Vernon—Powell Is Clean-
up Sluggish.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, April 10.—[Ex-
clusive Dispatch.] Danny Long
strengthened up the Seals today on
their return from the disastrous series
with the Sacramento cellar chumps,
when he signed up "Doc" Moskiman
for the rest of the season.

The Boston Americans and Louis-
ville Club have both been after the
crack pitcher and all-around man, but,
according to the baseball commission-
ers' ruling Moskiman is still on the
black-list for playing with the Cali-
fornia outlaws and is only eligible to
earn salary in the Pacific Coast
League.

Moskiman's case is similar to
Tommy Sheehan's Monte Pyl's and
others now in harness with Coast
teams, but is different from Hend-
son's plight in that Moskiman did not
jump his contract, but simply disre-

**RIVERS PICKS LEVY
AS HIS MANAGER.**

Little Joe Rivers has selected
Joe Levy as his manager. Levy
formerly looked after Danny
Webster, and is regarded as one
of the best handlers of fighters
in the country.

Until the plans of Uncle Tom
McCary are definitely decided
upon, little Joe will continue his
working out every day or so at
Venice, where he had estab-
lished a training camp to get
in shape for the contest with
Frankie Conley.

Rivers is anxious to go East
to get some of the big money
being offered in the limited-
round bouts. Rivers has taken
off a couple of pounds in weight
and is looking in fine physical
condition.

The question of dropping the hammer
throw as an event in college track
meets will be taken up. It is known
that most of the representatives are
against this feature of the meets on
account of the accidents attending it.

SCHOOL college baseball players in the Southern California Conference are allowed to play professional baseball during the summer vacation.

This question is to be settled at a meeting of the College Conference representatives next Saturday.

GREAT JOY-RIDE PLANNED FOR LITTLE SHUT-IN KIDS.

This is an invitation to a joy ride.
On May 1 The Times intends to give a big May Day party. The
guests are to be little children—little shut-in children from the hospitals
—little wistful children from the orphanages and children's homes.

We don't know all the places they are coming from; but when
May Day comes, we intend to pack in all the forlorn, friendless kiddies
we can manage and give them their first automobile ride.

Los Angeles has become a big, congested city. In a little town, all
children have a chance. In the crowded places of this world the lot
of some of them is pitiable.

It isn't enough that these little derelict children should have their
stomachs filled and their feet shod. We, who have had blessings sent
us, owe them one uproarious, scrumptious good time.

None of us whose golden childhood has passed can have any appre-
ciation of what an automobile ride—say to the beach—would mean
to a child who has never been out of sight of houses.

To those of our friends who own automobiles we extend the privi-
lege of being hosts with us on this occasion. We want you and your
automobile.

Here's where you get the chance to fill up some small wondering
heart so full of joy that it will just about explode. It is not enough
to send your automobile with a hired chauffeur. We want you. This
has got to be done from the heart out.

The details of the joy ride will be announced later. What we want
now is the names of the reception committee. We want to know
who of the thousands of motor car owners of this community will be
willing to contribute their cars for the morning of May Day?

Those willing to participate in this good cause will please send in
their names to the editor of The Times Pink sheet. Please state your
name and address, and the passenger-carrying capacity of your car.

You needn't state whether your heart is in the right place; we
will know.

Cuts Out England.

MISS SUTTON'S PLANS INCLUDE EASTERN TRI

BY ALMA WHITAKER.

IN spite of all the reports to the
contrary, Miss Sutton will not go
to England this year to defend
her title to the championship.

Even the Coronation and the rumor
that Kink George intends donating a
special tennis cup tempts her not.

"I really have no settled plan yet,"
she said, "but I'm not going to Eng-
land this year. I may go East, though,
if I get a sufficiently fascinating in-
vitation. That would be for August,
and in that case I would take in Seat-
tle on the way."

So eligible Easterners can take note.
In any case, Vancouver is to be the
recipient of "regrets."

At present Miss Sutton's one definite
fixture is for Northhoff, Venutia Coun-
ty, for the first week in July.

There is little doubt that May Sut-
ton will subsequently decide to go East
for the final tournaments and New-
port will not be far wrong in making
suitable arrangements for the recep-

not have an opportunity to play at
big tournaments this year; for she
is playing the greatest game of her vi-
career.

Tennis experts who have seen
on the practice courts this year say
that no woman player in the world
has ever approached the tennis in
Sutton is now playing.

Miss Sutton's mother and sister
tell me—and they are themselves ten-
nis enthusiasts—that Miss May has no
played such tennis as this year. She
admits it herself.

I can see a wonderful change in
her game. She is immeasurably
a better player than when she was
the world's champion.

I saw Miss Sutton play at Wimbledon
the first time she went to England
distinctly plump little girl in very sh-
skirts, very short sleeves, no collar
and black stockings with white sh-
This costume was not considered
fashionable in England in those days.

Her entire house many lady play-
over there have since adopted the sh-
sleeve) and in any case the Eng-
miss of that age is required to be
very circumspect and subdued.

So the little girl from California
the "I'll win if I die for it" expres-
sion of face, and the general air of deter-
nation was, to say the least of it,
a bit of a surprise for us. The matron
phases that has since taken place
very interesting—and most enchanting
She has lost none of her independ-
spirit, but it is now softened down to
much charm of manner, and a radi-
ant smile of captivating propensities.

Those younger days that smile
such a determined affair.

Her tennis seems to have gained
proportion as she herself has gain-
pious.

SCRAWLS SIGNATURE.

His Deathbed, Sends Club Be-
Wishes.

[ASSOCIATED PRESS NIGHT REPORT.]
CLEVELAND, April 10.—The Cle-
land baseball club today received
letter from Tom L. Johnson wish-
the members success during the se-
son of 1911, and that they will cor-
home pennant winners.

After having been aroused from
coma in which he had been for twenty
four hours, Sunday afternoon, M.
Johnson asked for the letter which
he had dictated several days ago. With
a feeble hand he inscribed his name
to it, and then sank back in the pi-
low, smiling.

"I probably won't be able to at-
tend the opening game," the letter read,
"but don't let that make any differ-
ence. Go ahead and win."

Cold Sport.

**COKEHILL'S DOGS LEADING
IN ALASKA SLEDGE RACE**

[ASSOCIATED PRESS NIGHT REPORT.]

NOME (Alaska) April 10.—With the
rounding of the turn at Candle and
the dogs well on their way back to
Nome, there has come a big change in
the positions of the teams entered in
the all-Alaska sweepstakes, the great
dog race which has been on since early
Saturday morning, and which will not
end until the leaders have completed
the course of 412 miles and drive into
Nome.

E. Cokehill, Assistant Prosecuting
Attorney, driving his own team, was
leading when mile 268 was finished, his
time for the distance being 43hrs. 50m.

The other teams completed mile 268
in the following order: John Johnson,
driving Col. Sir James Ramsay's
Siberian wolves, second; Charles John-
son, driving Fox Ramsay's Siberians,
third; Eastaugh, driving the team of
Malamutes entered by Mrs. Mark Crim-
mins of New York, fourth; A. A.
(Scotty) Allan, driving the team en-
tered by Mrs. C. E. Darling of Berkeley,
Cal., fifth; Delzene, sixth.

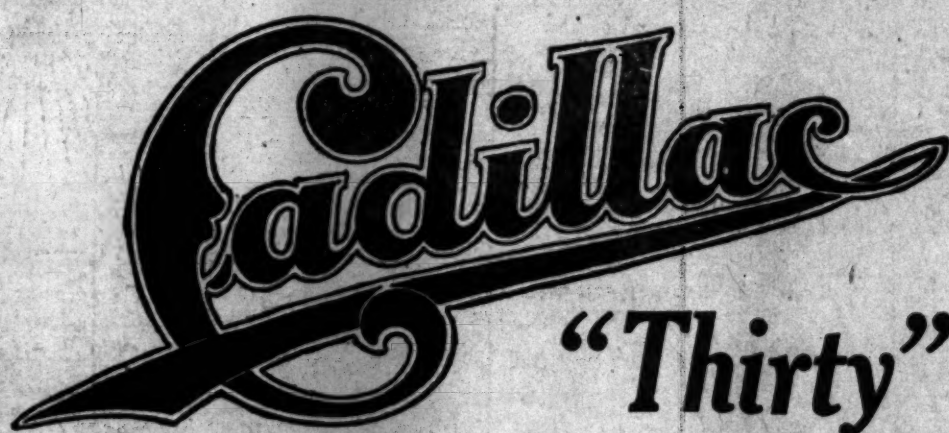

The race is the most exciting ever
held in the north and interest in Nome
is intense. John Johnson is the favor-
ite in the betting.

The change in the position of the
teams came after Candle was left be-
hind. The Crimmins team which was

ahead when mile 160 was passed, yet
terday, drove into Candle well in the
lead, Eastaugh having made the 268
miles from Nome in thirty-two hours
and the forty-six miles from Lan-
Chance to Candle in 6hrs. and 2m.

was directed over a road that took him into the wilderness. He drove all that day and far on into the night. Then he reached a district where there are no roads. The only thing that saved him was the fact that his Warren-Detroit was working perfectly.

WINNER OF THE AMERICAN LONG DISTANCE CHAMPIONSHIP

Averaged 60 1/2 Miles an Hour for 24 Hours of Continual Running. One Hundred and Ninety Five Miles More Than Was Ever Made By an American Motor Car of Any Size or Price.

Never before in the history of motor racing has an American motor car covered, within 195 miles of the 1446 made by the Cadillac Thirty in the twenty-four-hour race on the Motordrome, Saturday and Sunday.

Never before has a thirty-horse-power car come within 344 miles of this record. The Cadillac was second in the long grind, but it is certainly an honor to finish only 43 miles behind such a sterling racing monster as the Italian Fiat.

The fact that the Cadillac finished 229 miles ahead of the third car, also a special built factory racer, shows that the Cadillac was without competition.

Those who saw this car as it whirled about the track, hour after hour, for an average of 60 or more miles, realized that it was giving by far the most consistent and most remarkable performance ever given by a motor car anywhere. Not once did it stop for a mechanical repair. Thirty-one minutes were lost in the 24 hours in changing crews, taking on fuel, replacing a broken lamp and changing tires. This

was over a minute's loss to every hour, but despite this the Cadillac averaged over sixty, showing miles in 54:25 seconds.

Such running is a strain on every part of a car and the fact that the Cadillac never missed a shot and was in as good condition at the end of the race as at the beginning shows what a truly wonderful motor car the Cadillac is.

The perfect construction of the Cadillac is responsible for this performance. The absolute absence of trouble shows that better material could not be put into a motor car.

A Strictly Stock Car

And do not forget that this was not a specially built racing car. It was a Cadillac which we took out of stock and replaced the regular demi-tonneau body with racing seats. The machine was not specially prepared with all kinds of adjustments, it

was stock to the smallest detail, exactly the same as has been delivered to 274 purchasers this season.

We are not trying to impress upon the public that the Cadillac is the best car in its class; everybody who knows anything about the motor industry knows this to be true. We want you to realize as we do that the Cadillac is the best motor car built in America. We know this sounds like boasting but the facts cannot be disputed.

This same model (not the same car) last December made a series of road record runs which started the motor world. A stock Cadillac went from Los Angeles to San Francisco in one hour and 59 minutes faster than any motor car had ever gone before and then clipped six hours and twenty-five minutes off the round-trip record. The Cadillac also secured the Los Angeles to Bakersfield and Fresno records and also the Los Angeles to San Francisco, valley route, record.

This demonstrated that the Cadillac is supreme as a road car, the greatest in the world. Our wonderful performance on the Motordrome proves that the Cadillac is America's greatest track car. What more, do you ask for?

ED

Varicose
Veins
Hydrocele
Hernia
Piles
Fistula
Kidney
Bladder
and All
Pelvic
Diseases

at the same
time as any
other disease
because it
is the only
one that can
be cured
without
operation
and without
any
dangerous
drugs.

Manufacturer's Overstock Sale of Men's Suits

An unusual sale at an unusual time at the Busch Store. A manufacturer made up this \$15,000 lot of clothing and was unable to place it where he expected; he offered them to me at a cash price; it was such a good buy that I could not resist the temptation to obtain these values for my customers. As he required cash I intend to make such prices upon these suits that will turn them into money quickly. Have grouped them in four lots to sell at \$9.75, \$12, \$15 and \$18.75. I will also include in this sale all of my regular stock of Spring and Summer Suits at corresponding reductions.

\$15,000 Worth of Men's Suits to Sell at End of Season Prices

Suits at
\$9.75

Regular \$13.50 to \$15.00 values, well made, well tailored, the newest of spring styles to sell at \$9.75

Suits at
\$15.00

Suits that should sell at \$20.00, look better than most \$25.00 suits. All the new spring shades to sell at \$15.00

See Broadway Window
Display of Suits

Suits at
\$12.00

Regular \$16.00 values. A line of suits well worth more, a good buy at \$12.00 to sell at \$12.00

Suits at
\$18.75

Made to sell for \$25.00 suits. Quality stands out in every one of them, made in the newest modes to sell at \$18.75

Shirts

I have 250 dozen shirts that I picked up at a price regular \$1.25 and \$1.50 values. Plain and pleated bosoms.

3 for \$2.50

90c

R. J. Busch Hatter - Clothier Haberdasher

Broadway and Second Street

"Just Out of the High Rent District"

Shirts

These shirts should sell at \$2.00 to \$2.50. Some have two pairs of cuffs; others have cuffs attached. Pleated and plain bosoms.

3 for \$4.00

\$1.50

Bakersfield. OFFICER SLAYS LABORING MAN.

MAKES THE SHOOTING WAS
PURELY AN ACCIDENT.

Mayor's Jury Holds the Officer
Not Responsible for Man's
Death—Testimony at Inquest
Shows That Officer and Com-
panion Were Drifting.

Special Correspondence of The Times.

BAKERSFIELD (Cal.), April 10.—

Carroll, a laboring man, was

shot yesterday morning in a box

car in the southern Pacific yards at

the intersection of Kern county, by

Officer Bauer, a special watchman of

the railroad company, and deputy con-

stant of Tulare county. Bauer de-

clares the shooting was an accident.

The verdict returned by the Cor-

oner's jury holds the officer responsible

for the death.

Bauer was asleep with two other

men in a box car, when Bauer and a

companion named Clark entered the

box car. Bauer flashed a light in the

face of Carroll, who was sitting in

the rear of the car. At that time

Carroll was holding a pipe in his

mouth. Bauer, who was holding a

revolver, fired at Carroll. The

bullet struck Carroll in the chest

and he was killed. The jury held

that the shooting was an accident

and that the officer was not respon-

sible for the death.

Officer Bauer, who was a special

watchman of the railroad company,

was discharged. The jury also

found that the officer and his com-

panion were drifting at the time

of the shooting.

The jury also found that the

officer was not responsible for the

death.

The jury also found that the

officer was not responsible for the

death.

The jury also found that the

stances of his odd experience have just come out with the filing of a stipulation of compromise in the suit brought against him by the Lower Kings River reclamation district. The great part of the reclamation district, in which Lowe is a taxpayer, formerly lay in Fresno county, where under law, the funds were deposited. One day, after the Webster bill annexing this territory to Kings county, had passed the Legislature and was awaiting the Governor's signature, Lowe decided to make a trip to Fresno. Secretary D. R. Cameron met him at his train and gave him a sum of money to deposit with the Fresno county treasurer. When Lowe reached Fresno the county treasurer refused to accept the deposit, because of the pending transfer of the district into Kings county.

As the land was still in Fresno county, the Kings county treasurer told Lowe he had no authority to accept the coin, so Lowe tried to give it back to Secretary Cameron, who refused to accept it back. In his quandry Lowe advised with some of the trustees and finally decided to return the money to the taxpayers who had given it to him. Cameron, he returned all but \$32.41, the balance of that much of the fund refusing to take the coin back, as they had their receipts.

Lowe was forced to hold that sum, and when a report began to be circulated that the district's cash was short, the facts came to light. The district sued Lowe, and asked interest on the money he had kept. He was perfectly willing to give the money up, but balked at paying interest on money he had been forced to keep. The district having been transferred to Kings county, a compromise was reached by which Lowe was permitted to deposit the money with the Kings treasurer and the district waived its interest claim.

HANFORD BRIEFS.

Unusual interest was manifested at the school elections here this week, a record vote for trustees being cast.

Dr. C. L. Scott was defeated for grammar school trustees by J. O. Hickman, who was elected.

Porter won a seat on the high school board over J. W. Holman.

Daniel W. Jones will appear before the city trustees tomorrow night and submit a plan to construct a permanent oil and sand roadway on the principal residential streets, as a sample of work he desires the property owners to take. He is the inventor of a road-making machine and claims he can make good permanent roads at a very low cost.

The Supervisors have formally accepted the new \$10,000 county hospital, and it will shortly be occupied. The board refused \$500 appropriation for band concert at Hanford this summer, being asked to give that sum if the city would defray the remainder of the cost.

The Kings County Beekeepers' Association has entered into a contract with Charles Cox of this city and the Maryland Planning Mill Company of Fresno for the supply of cane and sugar for the coming year. The contract represents about \$2000, and will be sufficient to take care of the 300

Dear Sir:

If a thousand solid, sensible, level-headed people should come to you and tell you a way to make money, and if ALL of them told you exactly the same thing, you would begin to realize the importance of following their advice, wouldn't you? There are today hundreds of people willing to tell you of the importance of getting into our Company NOW before the stock begins to sell at a higher price. Most of these people have invested only after a most thorough investigation of every phase of the proposition. The people who have invested the largest sums are the ones who have made the most careful investigation. Our stockholders include bankers, merchants, lawyers and others who are experienced in business matters. These men have put their money into our Company because they KNOW that the stock is a safe, MONEY-MAKING investment. If our stock is a good investment for hundreds of such people, why is it not a good investment for YOU?

If you knew HALF as much of the Palagonite Paint properties as we would have you know, you would immediately subscribe for as many shares as you could possibly take. Either we have failed to present the proposition to you clearly or you have failed to give it careful consideration. Which is it? That is what we want to know.

If you will answer that question, the answer will MEAN MONEY TO YOU. Surely you have at least a small amount of money that you can spare for an investment! If you were CONVINCED that you could MAKE MORE MONEY without risk by purchasing a profit-sharing interest in our Company than you could in any other way, you would invest at once - that is certain.

The conservative investor, whether large or small, will find an opportunity for investment in the Palagonite Paint Manufacturing Industry, that, without question, will pay from 25 to 40% annually, in addition to being assured of an 8% earnings from the Preferred Stock, which is both CUMULATIVE and PARTICIPATIVE.

The wonderful and vast resources of raw material controlled by this corporation, together with the management and labor of experienced paint men and dry color manufacturers, assures us of the success of the paint business on the Pacific Coast. You can secure a profit-sharing interest in our Company now on the basis of \$1.25 per share, but this opportunity is likely soon to be gone. We are making rapid progress, our stock is becoming more valuable every day and it is a matter of only a comparatively short time when it should be doubled, trebled and quadrupled in value.

If you ARE convinced then send your order for the number of shares desired before the price advances - it may advance any day.

Yours very truly,

Ralph E. Frank

Vice-President & General Manager.

MOTHER SEES CHILD KILLED.

Helpless to Save Daughter
From Car Wheels.

Motorman Risks His Life in
Attempt to Save Her.

Loses His Balance and Falls
From the Steps.

Darting away from her mother, Verna Lucille Preston, 20 months old, ran in front of a fast interurban car near Asusa last evening and received injuries which resulted in her death.

Leroy Hooper, the motorman, made a desperate effort to save the child, but his heroism was in vain, for he narrowly escaped being ground under the wheels. The child's mother was a witness to the accident.

Ralph Preston and his family live on the highroad between Glendora and Asusa. Mrs. Preston started out to call on a neighbor, taking the baby with her.

Wild with joy over the outing, little Verna tugged at her mother's hand, reaching for the wild flowers along the roadside. A field of poppies attracted her attention, and taking advantage of an unguarded moment, she escaped from her mother and was soon racing for the bright-looking flowers.

Mrs. Preston ran after her. With horror she saw the child gain the railroad track, and perceived that No. 1017, in charge of Conductor Harry Wright and Motorman Leroy Hooper, sweeping at full speed toward her.

Hooper saw the little golden head hobbling along the track ahead of him. In an instant he slapped on the brakes, turned on the sand and reversed. When he saw that the speed was too great for a quick stop, he got down on the steps and hung over the fender to save the child, if he could.

She was so tiny that his outstretched hand barely touched her clothing. He lost his balance and rolled off the steps, the wheels grazing his body.

Verna was struck by the extreme corner of the fender. She was so light that her body could not trip the mechanism, and she was thrown aside, in a dying condition.

The bleeding form was snatched up by the frantic mother, who took her home, not far away. Dr. John E. Hill of Asusa was called in, but he saw that her injuries were grave, and the child was placed on a train and taken with all possible speed to Pasadena for attention at the hospital.

She died there and the body was sent to Los Angeles last evening. It was taken to Connell Brothers mortuary.

Motorman Hooper escaped with a few bruises. Mrs. Preston is in a serious condition, owing to the shock.

SIR FRANKLIN'S AWAKENING.

Becomes Indignant When Detective Tells His Boon Companions to Vamoose—Finds They Are Gamblers.

That Sir Franklin Smith of London, is still in possession of a large sum of money this morning instead of the roll being in the possession of two human vultures, is due to the interference last night of House Detective Scuyler West of the Alexandria Hotel.

Sir Franklin, who arrived yesterday at the Hollywood Hotel, started out last night to see the sights and dine well, but not wisely. He was seen in the buffet of the Alexandria the early part of the evening, and after an absence of about three hours, returned accompanied by two men who are said to be well-known gamblers. They entered the Alexandria buffet and Sir Franklin ordered a bottle of champagne which he presented to his companions.

West walked into the buffet and spotting Sir Franklin's companions, silently motioned them to leave the hotel.

Embarrassed by the seeming friendship of Sir Franklin, they ignored the signals. West finally tapped them on the shoulder and sternly told them to get out. Sir Franklin overheard the remark and became angry at the interference of the officer. He assured his companions that they were his friends and could stay with him. The suspected gamblers therefore lingered, West threw back his coat and displayed his special badge. He told them that if they did not vamoose he would call the police patrol. They left without a word.

Sir Franklin was amazed and started to take West to account for his actions. The latter asked the Englishman to be seated for a moment and he would explain. Somewhat mystified, Smith complied and West told him that both men were well-known gamblers and sure-chance artists who would assuredly have led him into a game of chance and fleeced him of his money before the night was over.

Sir Franklin was grateful for West's care of him. He quietly took the advice to go back to the hotel in a taxicab.

JUNK DEALER ARRESTED.

Three Boys, Found With Stolen Metal, Tell Detectives Where They Sold the Junk and Price Paid.

Joe Ratner, a junk dealer of No. 228 North Chicago street, and three boys, Maurice Pochon, aged 18; Roselle Madrilaga, 14 years, and George Walla, 16, were locked up by detectives last evening.

A few days ago two pumps belonging to the Los Angeles Electric Light and Power Company were found in the warehouse at Mission road and Hancock street. Detectives Swenson and McAuliffe of the East Side Station, and Hugh Dixon of headquarters, were assigned to the case.

They found the three boys standing guard over a well-filled sack near the warehouse. The sack was found to be full of broken brass pump parts.

The boys said they had sold a hundred pounds of old brass to Ratner and were then waiting to sell him another batch. They said he had paid them \$1.70 for the first 100 pounds, and explained how the hammers and wrenches in the warehouse were handy for the smashing of pumps.

Undelivered Telegrams.

Telegrams are at the office of the Postal Telegraph Cable Company for Mrs. O. C. Guilford, Mrs. C. F. Drury, Dr. Sam'l. J. North, Edw. A. Munger, Wm. H. Kennedy, Philip Suto, E. R. Benson, A. M. Walte and Geo. Hooper.

Not sent for the Bernhard engagement upon Thursday morning, 9 o'clock.

Heavy and effective as the \$2.50 and \$3.00 kinds. Come in black, white and ecru beaded in coral, gold, white and turquoise. You'll find what you want in these.

EL MONTE TRAGEDY.

(Continued from First Page.)

Ben, despite the large quantity of intoxicating liquor he had consumed, had sobered completely. He shook hands with his brother and was then taken to the County Jail, Peters, the victim, had resided in El Monte eight years. He managed a ranch, adjoining the McCoy ranch, for his aunt, and was respected by all who knew him. He was about 30 years of age, and a bachelor.

ACROSS THE FIELDS.

Ma. Maude rMcCoy, a dark-eyed little woman, knowing the ferocity of her husband when under the influence of wine, had taken refuge Sunday afternoon at the home of a neighbor, Mrs. Osmund. She had taken her youngest child, a girl of a year, with her, and had endeavored to take the boy, Sidney, but his father objected.

Soon after she had reached the Osmund home she saw her husband drive away with Sidney perched up on the seat beside him. McCoy was reeling from one side of the buggy to the other, and the animal, entering the freedom of the moment, veered from the main road, and started at a fast clip across fields.

With fear gnawing at her heart that the vehicle would go into a ditch and crush her child's life out, the little mother ran to the door, and entreated her husband to stop. He was beyond reach, however, and continued madly.

At the expiration of half an hour father and son returned, and stopped at the Osmund ranch. Miss Hattie Parker, who was visiting the Osmunds, endeavored to take the child from McCoy, but he remonstrated. She argued with McCoy, and his wife also urged him to let her care for the little fellow. Suddenly McCoy straightened up and with finger pointing vindictively at his wife, said:

"Maud, you and I must quit. I'm going to get out."

With that he took the child, replaced him in the buggy, and after clambering unsteadily up beside him, gave the other a cut of the whip, and continued toward home across country.

Fearfully the occupants of the Osmund ranch watched the course of the father and son. Shortly the animal stopped at the barn, and McCoy went into the house. He did not come out for a long time, and Mrs. McCoy's fears for the safety of her child increased apace.

Of a sudden she saw Alfred Peters riding by on his wheel. She called to him, and with Miss Parker and Mrs. Osmund, related her alarm.

TO HIS DEATH.

"I wish you would go over and ask Ben to let you have the baby," she besought Peters. "He likes you, and will grant your wish."

"All right, if I can get the boy for you I'll do it," said Peters, as he remounted his wheel and started for the McCoy ranch—to his death.

What happened from that time up to the moment when McCoy, leering savagely at Peters, fired one of the barrels of his shotgun into his heart, will never be known unless McCoy

chooses to tell. He has said nothing, and the only witness of the tragedy, Sidney, is too young to relate it. He cannot take an oath and cannot be placed on the witness stand. At the same time his childish prattle shortly after the shooting may be the means of convicting his father by comparison of the story with McCoy's.

It is believed that Ben McCoy feared his wife had sent Peters to take the baby from him by force, and the influence of wine goaded him on to slay the innocent Peters. This is borne out in theory by the close McCoy's brother had at his hands a little later.

AT THE INQUEST.

Yesterday at the inquest McCoy presented a pathetic sight, for he realized what he had done. Thomas M. Peters, a brother of the dead man, was the first witness called. He informed the jury that his brother and himself had formerly resided in Portland, Ore., but had come to El Monte eight years ago. He told of his brother's good qualities, and states that there was no motive of jealousy or trouble of any nature between the men. He demanded, however, that his brother's slayer be dealt with by the law with the same element of remorselessness that had been employed by McCoy.

Dr. Campbell, a fame corner's autopsy surgeon, testified that Peters had been killed with a bird-shot. Death was almost instantaneous, caused, by a wound of the chest that entered Peter's left breast, piercing the lungs and heart.

Miss Parker and Mrs. Osmund, with whom Mrs. McCoy had taken refuge, related the details of the preliminary details of the shooting, and were followed by Mrs. McCoy. As husband and wife beheld each other, there was a momentary hesitation, then they embraced. They wept, mumbled unintelligible words, and were gently parted by the coroner. She was half carried out in a hysterical condition.

John McCoy, brother of the prisoner, rehearsed in a reluctant manner the details of the shooting as he knew them.

At the conclusion of the inquest McCoy was taken to his father's home to bid adieu to his wife, children, parents and brothers—a family reunion that may never occur again.

VETERANS ANSWER LAST CALL.

Old Soldiers Rapidly Joining the Silent Majority—Seven Deaths Reported Within Few Days.

SOLDIERS HOME, April 10.—After several weeks of comparative exemption from deaths, mortality is again at work thinning the ranks of veterans at this place, no less than seven having been called to the "eternal camping ground" within two days, viz:

William A. Brown, formerly of Co. I, Fourth California Infantry, admitted temporarily at Post, but two days' days ago from Los Angeles, died April 8, aged 74. His body has been taken to that city for burial.

George Reybert, formerly of Co. G, Second New Jersey Infantry, a native of New Jersey, admitted from Los Angeles at Post, died April 8, aged 81.

Henry Bortman, formerly of Co. D, Seventeenth New York Infantry, a na-

tive of Germany, admitted from Prescott, Ariz., in 1911, died April 8, aged 75.

William H. Whipple, formerly of Co. D, Third Michigan Cavalry, a native of Michigan, admitted from Los Angeles in 1900, died April 8, aged 70.

David Lowe, formerly of Co. H, Tenth Wisconsin Infantry, a native of Ohio, admitted from Norwalk, Cal., in 1900, died April 8, aged 74.

Benjamin L. Butler, formerly of Co. B, First Washington Territory Infantry, admitted from Modera, Cal., in 1908, a native of Ohio, died April 10, aged 75.

Christian Muller, formerly of Co. B, Eighth Iowa Infantry, a native of Germany, admitted in 1910, from Orange, Cal., died that place while on furlough, March 26, aged 64.

CHINESE TROOPS MUTINY?

LONDON, April 10.—The Evening Times claims to have received that all the Northern Chinese troops stationed at Canton have mutinied because they are dissatisfied over the action of the Prince Regent in proclaiming himself commander-in-chief of the army. The paper states that Europeans at Canton are fleeing toward Hongkong. London banks having business connections in Hongkong have heard nothing of the reported revolt and think the affair must have been greatly exaggerated, as otherwise they would have been advised.
